Contents

Contributors ................................................................. xiii

1 Acute Coronary Syndrome: Where We Are, How We Got Here, and Where We Are Going ........................................ 1
   Jayanthi N. Koneru, Lance W. Weathers, and Michael Lesch

2 The PAIN Pathway for the Management of Acute Coronary Syndrome ................................................................. 9
   Eyal Herzog, Emad Aziz, and Mun K. Hong

3 Translation of Critical Pathways for Acute Coronary Syndrome into Admission Notes and Discharge Planning ................. 20
   Eyal Herzog, Emad Aziz, and Mun K. Hong

4 Epidemiology and Pathophysiology of Acute Coronary Syndrome .............................................................................. 25
   Hossein Eftekhari, Inna Bukharovich, Emad Aziz, and Mun K. Hong

5 Evaluation in the Emergency Department and Cardiac Biomarkers ............................................................ 37
   Gurusher Panjrath, Elaine B. Josephson, and Eyal Herzog

6 Diagnosis and Treatment of ST-Segment Elevation Myocardial Infarction .......................................................... 48
   Matthew Daka, Emad Aziz, Robert Leber, and Mun K. Hong

7 Diagnosis and Treatment of Non–ST-Segment Elevation Myocardial Infarction ..................................................... 60
   Jacqueline E. Tamis-Holland, Sandeep Joshi, Angela Palazzo, and Sripal Bangalore

8 Diagnosis and Treatment of Unstable Angina ..................... 73
   Aslam Khan, Robert Kornberg, and David L. Coven
Use of Stress Testing for the Risk Stratification of Patients at Low to Intermediate Event Risk According to the PAIN Pathway Algorithm
Seth Uretsky, Randy E. Cohen, and Alan Rozanski

The Role of Echocardiography in Acute Coronary Syndrome
Sandeep Joshi, Eyal Herzog, and Farooq A. Chaudhry

Mechanical Complications of Acute Myocardial Infarction
Gregory Janis, Atul Kukar, Eyal Herzog, and Farooq A. Chaudhry

Diagnosis and Treatment of Congestive Heart Failure
David M. Wild, Emad Aziz, Eyal Herzog, and Marrick Kukin

Diagnosis and Treatment of Cardiogenic Shock
Angela Palazzo, Sripal Bangalore, Jacqueline E. Tamis-Holland, and Amy Chorzempa

Management of Pericardial Disease Complicating Acute Coronary Syndrome
Seth Uretsky, Dan L. Musat, Mark V. Sherrid, and Eyal Herzog

Surgical Intervention in Acute Coronary Syndrome
Sandhya K. Balaram and Daniel G. Swistel

Arrhythmias Complicating Acute Myocardial Infarction–Bradyarrhythmias
Dan L. Musat, Delia Cotiga, Walter Pierce, and Aysha Arshad

Arrhythmias Complicating Acute Myocardial Infarction: Atrial Tachyarrhythmias Including Atrial Fibrillation and Atrial Flutter
Dan L. Musat, Jonathan S. Steinberg, Delia Cotiga, and Eyal Herzog

Ventricular Arrhythmias in Patients After Myocardial Infarction
Delia Cotiga, Tina Sichrovsky, Kataneh Maleki, and Suneet Mittal

Management of Cocaine-Induced Chest Pain
Olivier Frankenberger, Tseday Sirak, Sripal Bangalore, and Henry H. Greenberg
