Contents

Part I  History and Anatomy

1  History of Major Liver Resections .............................    3
   Yun Shin Chun and Jean-Nicolas Vauthey

2  Microcirculation of the Liver .................................    9
   Shin Hwang

3  Portal and Hepatic Vein Anatomy .............................   15
   Yoji Kishi, Takuya Hashimoto, and Masatoshi Makuuchi

4  Surgical Anatomy of the Liver in the Glissonean
   Pedicle Approach: What We Need to Know ....................   23
   Ken Takasaki and Masakazu Yamamoto

5  Liver Anatomy: Variant Venous Anatomy
   and Implications for Resection ................................   29
   Ajay V. Maker, William R. Jarnagin, and Anne M. Covey

6  Liver Regeneration and the Atrophy–Hypertrophy Complex ......   37
   Robin D. Kim, Jae-Sung Kim, and Kevin E. Behrens

Part II  Preoperative Assessment

7  Preoperative Imaging of Liver Cancers:
   Hepatocellular Carcinoma .......................................  51
   Byung Ihn Choi and Jeong Min Lee

8  Preoperative Imaging of Liver Cancers:
   Hilar Cholangiocarcinoma ........................................  61
   Harmeen Kaur, Evelyne M. Loyer, and Chusilp Chamsangavej

9  Preoperative Imaging of Liver Cancers: Metastases ..........   73
   Richard K.G. Do and Bachir Taouli

10  CT Volumetry: The Japanese Methodology ..................   83
    Keiichi Kubota

11  Morphometric Imaging Techniques and the Functional
    Liver Remnant ..................................................  95
    Mathew M. Augustine, Ihab R. Kamel, and Timothy M. Pawlik

12  Preoperative Assessment with Functional Studies of the Liver ....  107
    Thomas M. van Gulik, Wilmar de Graaf, and Roelof J. Bennink
Part III  Embolization Techniques

13  Indications and Contraindications for Portal Vein Embolization  
    David C. Madoff and Jean-Nicolas Vauthey  
    ........................................  123

14  Embolic Materials Used for Portal Vein Embolization  
    Raymond H. Thornton, Anne M. Covey, and David C. Madoff  
    ......................................  129

15  Transileocolic Portal Vein Embolization  
    Yoji Kishi, Yasuji Seyama, and Masatoshi Makuuchi  
    .....................................  137

16  Contralateral Approach to Portal Vein Embolization  
    Pierre Bize, Nicolas Demartines, and Alban Denys  
    ......................................  143

17  The Ipsilateral Approach for Right PVE  
    with or Without Segment 4  
    David C. Madoff  
    .....................................  151

18  Complications of Portal Vein Embolization  
    Yoshihisa Kodama, Colette M. Shaw, and David C. Madoff  
    ..................................  159

19  Hepatic Vein Embolization  
    Yonson Ku and Takumi Fukumoto  
    .....................................  169

Part IV  Clinical Outcomes

20  Clinical Outcomes for Hepatocellular Carcinoma  
    Stéphane Zalinski and Jacques Belghiti  
    ....................................  179

21  Clinical Outcomes for Biliary Tract Cancer  
    Yukihiro Yokoyama and Masato Nagino  
    ....................................  191

22  Clinical Outcomes for Liver Metastases  
    Daria Zorzi, Yuky Hayashi, and Jean-Nicolas Vauthey  
    ..................................  201

Part V  Additional Strategies for Resection and Embolization

23  Nontraditional Resection Including the Two-Stage  
    Hepatectomy  
    Elie Oussoultzoglou, Daniel Jaeck, Edoardo Rosso,  
    and Philippe Bachellier  
    .....................................  219

24  Preoperative Portal Vein Embolization Strategy  
    for Complex Liver Resection  
    Thierry de Baere  
    .....................................  229

25  Sequential PVE and TAE for Biliary Tract Cancer  
    and Liver Metastases  
    Yukihiro Yokoyama and Masato Nagino  
    .....................................  241

26  Sequential TACE and PVE for Hepatocellular Carcinoma  
    Hiroshi Imamura, Yasuji Seyama, Masatoshi Makuuchi,  
    and Norihiro Kokudo  
    .....................................  249
### Part VI  Evidence and the Future
