

# Contents

<b>1</b>	<b>Adrenal Gland</b> . . . . .	1
1.1	Nonneoplastic Entities . . . . .	1
1.2	Adrenal Cortical Neoplasms . . . . .	10
1.3	Adrenal Medullary Neoplasms . . . . .	16
1.4	Neuroblastic Neoplasms . . . . .	19
1.5	Other Adrenal Neoplasms . . . . .	23
1.6	Metastases to the Adrenal . . . . .	27
<b>2</b>	<b>Kidney</b> . . . . .	29
2.1	Normal Kidney . . . . .	29
2.2	Congenital Malformations and Diseases . . . . .	30
2.3	Acquired Nonneoplastic Entities . . . . .	38
2.4	Benign Epithelial Tumors . . . . .	48
2.5	Renal Cell Carcinoma . . . . .	52
2.6	Grading Renal Cell Carcinoma . . . . .	53
2.6.1	TNM Staging of Renal Cell Carcinoma . . . . .	53
2.7	Renal Cell Carcinoma, Unclassified . . . . .	76
2.8	Metanephric Neoplasms . . . . .	84
2.9	Nephroblastic Neoplasms . . . . .	87
2.10	Mesenchymal Renal Neoplasms Mainly Occurring in Children . . . . .	94
2.11	Mesenchymal Renal Neoplasms Mainly Occurring in Adults . . . . .	99
2.12	Mixed Mesenchymal and Epithelial Tumors . . . . .	113
2.13	Neuroendocrine Tumors . . . . .	117
2.14	Hematopoietic and Lymphoid Tumors . . . . .	120
2.15	Metastatic Neoplasms in Kidney . . . . .	121
<b>3</b>	<b>Renal Pelvis and Ureter</b> . . . . .	123
3.1	Malformations, Congenital and Acquired . . . . .	123
3.2	Acquired Nonneoplastic Disorders . . . . .	125
3.3	Renal Pelvic and Ureteral Neoplasms . . . . .	130
<b>4</b>	<b>Bladder, Urethra, and Urachus</b> . . . . .	141
4.1	Malformations, Congenital and Acquired . . . . .	141
4.2	Inflammatory Conditions . . . . .	144
4.3	Acquired Nonneoplastic Lesions . . . . .	153
4.4	Benign Papillary Neoplasms . . . . .	162
4.5	Flat Intraepithelial Lesions . . . . .	163
4.6	Urothelial Carcinoma and Its Variants . . . . .	168
4.7	Glandular Neoplasms . . . . .	180

4.8	Squamous Cell Neoplasms . . . . .	184
4.9	Neuroendocrine and Neural Neoplasms . . . . .	187
4.10	Soft Tissue/Myofibroblastic Proliferations . . . . .	191
4.11	Benign Soft Tissue Neoplasms . . . . .	194
4.12	Malignant Soft Tissue Neoplasms . . . . .	196
4.13	Malignant Melanoma . . . . .	200
4.14	Germ Cell Neoplasms . . . . .	201
4.15	Hematopoietic and Lymphoid Neoplasms . . . . .	201
4.16	Cancers Involving Bladder by Direct Extension or Metastasis . . . . .	202
4.17	Congenital Urethral Malformations . . . . .	203
4.18	Nonneoplastic Urethral Lesions . . . . .	204
4.19	Urethral Neoplasms . . . . .	209
<b>5</b>	<b>Prostate . . . . .</b>	<b>215</b>
5.1	Normal Findings . . . . .	215
5.2	Inflammatory Entities . . . . .	221
5.3	Benign Prostatic Entities . . . . .	225
5.4	Benign Seminal Vesicle Entities . . . . .	238
5.5	Prostatic Intraepithelial Neoplasia . . . . .	240
5.6	Atypical Small Acinar Proliferations . . . . .	244
5.7	Prostatic Adenocarcinoma . . . . .	244
5.8	Gleason Grading . . . . .	251
5.9	Variants of Prostatic Adenocarcinoma . . . . .	254
5.10	Other Prostatic Epithelial and Neuroendocrine Neoplasms . . . . .	262
5.11	Staging Prostate Cancer . . . . .	266
5.12	Histologic Findings After Radiation Therapy . . . . .	272
5.13	Histologic Findings After Hormonal Therapy . . . . .	273
5.14	Mesenchymal Neoplasms of Prostate . . . . .	275
5.15	Hematopoietic and Lymphoid Neoplasms . . . . .	280
5.16	Cancers Involving Prostate by Direct Extension or Metastasis . . . . .	281
5.17	Cancers Involving Seminal Vesicle by Direct Extension or Metastasis . . . . .	282
<b>6</b>	<b>Testis . . . . .</b>	<b>285</b>
6.1	Normal Histology . . . . .	285
6.2	Congenital Lesions . . . . .	286
6.3	Inflammatory Conditions . . . . .	289
6.4	Vascular Insults . . . . .	291
6.5	Entities Contributing to Infertility . . . . .	294
6.6	Intratubular Germ Cell Neoplasia . . . . .	297
6.7	Germ Cell Tumors . . . . .	300
6.8	Staging Testicular Germ Cell Tumors . . . . .	317
6.9	Sex Cord-Stromal Tumors . . . . .	320
6.10	Tumors with Both Germ Cell and Sex Cord-Stromal Components . . . . .	331
6.11	Ovarian-Type Epithelial Tumors . . . . .	332
6.12	Soft Tissue Tumors . . . . .	333
6.13	Hematopoietic and Lymphoid Tumors . . . . .	337
6.14	Metastases to Testis . . . . .	341
6.15	Lesions of Rete Testis . . . . .	342

---

<b>7</b>	<b>Spermatic Cord and Testicular Adnexae</b> . . . . .	347
7.1	Normal Findings . . . . .	347
7.2	Congenital Conditions . . . . .	350
7.3	Cysts and Celes . . . . .	352
7.4	Acquired and Inflammatory Conditions. . . . .	355
7.5	Benign Neoplasms . . . . .	363
<b>8</b>	<b>Penis and Scrotum</b> . . . . .	373
8.1	Nonneoplastic Penile Lesions . . . . .	373
8.2	Neoplastic Penile Lesions . . . . .	380
8.3	Nonneoplastic Scrotal Lesions. . . . .	388
8.4	Neoplastic Scrotal Lesions. . . . .	393
	<b>Suggested Readings</b> . . . . .	399
