Contents

1 Introduction ........................................ 1
   References ................................... 2

2 Structural Limit States and Reliability Measures ............. 3
   2.1 Introduction .................................... 3
   2.2 Failure Function and Probability of Failure ............ 4
   2.3 Time-Varying Load and Capacity ................... 7
   2.4 Simplified Calculation of Failure Probability
       for Gaussian Random Variables .................. 9
   2.5 Calculation of Failure Probability for Non-Gaussian
       Random Variables ................................ 10
   References ........................................ 12

3 Dynamic Structural Response Analysis and Probabilistic
   Representation ....................................... 13
   3.1 General .......................................... 13
   3.2 Environmental Modeling .......................... 14
   3.3 Dynamic Response Analysis ...................... 16
   3.4 Response Statistics for Scalar Gaussian Processes .... 17
   3.5 Reliability Formulations for Scalar Gaussian Processes . 22
   3.6 Multi-Dimensional Response Statistics ............. 24
       3.6.1 Introduction ................................ 24
       3.6.2 Outcrossing-Rate Analysis ................. 25
       3.6.3 Local Maxima and Extremes ................ 26
       3.6.4 Fatigue Analysis for Multi-Dimensional Processes . 30
   References .......................................... 32

4 Categories of On-Line Control Schemes Based
   on Structural Reliability Criteria ........................ 35
   4.1 General .......................................... 35
   4.2 Control Schemes Involving Structural Reliability Criteria . 36
       4.2.1 Introduction ................................ 36
       4.2.2 Various Types of Simplified Structural
             Reliability Indices .......................... 36
Optimal Stochastic Control Schemes within a Structural Reliability Framework
Leira, B.J.
2013, VI, 98 p. 54 illus., 11 illus. in color., Softcover
ISBN: 978-3-319-01404-3
