1 Carl Friedrich von Weizsäcker: Major Texts in Philosophy—A Brief Introduction by the Editor .......... 1  
References ................................................................. 10

2 Preliminary Epistemological Considerations ................. 11  
2.1 Similes for the Structure of Physics ......................... 11  
2.2 Cognition ............................................................... 14  
2.3 Doubt ................................................................ 16  
2.4 Faith .................................................................. 20  
2.5 Methodological Consequences ................................. 23  
Reference ................................................................. 27

3 A Description of Physics ............................................. 29  
3.1 The Role of Physics ................................................. 29  
3.2 An Anecdote as an Eye Catcher ............................... 30  
3.3 A Historical Example .............................................. 32  
3.4 Philosophy of Physics .............................................. 33  
3.4.1 Theological Platonism ........................................... 33  
3.4.2 The World as Mechanism .................................... 35  
3.4.3 Empiricism as a Description of Physics ................. 36  
3.4.4 Difficulties of Fundamental Empiricism ............... 38  
3.4.5 Scientific Perception ........................................... 41  
References ................................................................. 43

4 Time: Physics—Metaphysics ................................. 45  
4.1 Metaphysics ............................................................ 45  
4.2 Physics ................................................................. 49  
4.3 Evolution ............................................................... 52  
4.4 Culture ................................................................. 55
5 Biological Preliminaries to Logic
5.1 The Question
5.2 The Place of Logic
5.3 Practical Interpretation of the Bivalence of Logic
5.4 The Basis of the Subject-Predicate Structure of Sentences
Reference

6 Models of Health and Illness, Good and Evil, Truth and Falseness
6.1 Health
6.2 Illness
6.3 Progress
6.4 Good and Evil
6.5 Truth
References

7 Parmenides and the Graylag Goose
7.1 What This Essay Is About
7.2 The Idea of the Graylag Goose
7.3 The Form in Things and as Thought
7.4 Form as Example
References

8 Parmenides and Quantum Theory
8.1 What Does the Unity of Nature Mean?
8.2 A Digression: How Can One Read the Philosophers?
8.3 What Were Parmenides and Plato Talking About?
8.4 The First Hypothesis of the Platonic Parmenides and Quantum Theory
8.5 The Approach to the Second Hypothesis
References
