Plagiarism and Research Integrity 34

Summary of Chapter 3: Mechanics of Writing 36

4 Making a Strong Start 39

 Creating a Structure 40

 Initial Efforts 42

 Writing up at the End 44

 Starting, and Starting Again 45

 The Creative Process 46

 Writing an Individual Chapter 48

 Literature 51

 Styles of Working 53

 Working with Your Supervisor 55

 Summary of Chapter 4: Making a Strong Start 58

5 The Introductory Chapter 61

 Establishing a Context 61

 Stating the Problem, Motivating the Study 62

 Aim and Scope of the Study 64

 Significance of the Study 66

 Overview of the Study 67

 Research Questions and Hypotheses 68

 Revising the Aim, Aligning the Conclusion 70

 Summary of Chapter 5: The Introductory Chapter 71

6 Background Chapters 73

 Developing Critical Thinking 74

 Establishing Context 76

 The 95 % Syndrome 76

 Understanding Current Theory, Discoveries, and Debates 77

 Understanding Current Practices and Technologies 78

 Preliminary Investigations 79

 Revising 79

 Summary of Chapter 6: Background Chapters 81

7 Establishing Your Contribution 83

 Kinds of Contribution 84

 Observation or Innovation? 85

 Study or Case Study? 85

 Method 88

 ‘Research Methods’ 90

 Argument 92

 Organization 93

 Summary of Chapter 7: Establishing Your Contribution 94

8 Outcomes and Results	97
Quantitative or Qualitative Data?.....	98
From Data to Results.....	99
What ‘the Data’ Is Comprised of.....	100
Presentation.....	101
Analysis.....	103
Reasoning From Data.....	104
Quantitative or Qualitative, Revisited.....	105
Reflection.....	107
Illustrations.....	108
Summary of Chapter 8: Outcomes and Results.....	112
9 The Discussion or Interpretation	113
The Task of the Chapter.....	113
Structuring the Discussion.....	115
Remembering Your Aim and Scope.....	116
Writing with Authority.....	117
Summary of Chapter 9: The Discussion or Interpretation.....	118
10 The Conclusion	121
Summary of Chapter 10: The Conclusion.....	123
11 Before You Submit	125
From First to Second Draft.....	125
Structural Editing.....	128
The Main Text.....	128
Dotting the ‘i’s and Crossing the ‘t’s.....	129
Preliminary Pages.....	129
Title Page.....	130
Abstract.....	130
Table of Contents.....	130
Preface and Acknowledgments.....	130
Declaration.....	131
The Main Text.....	131
Aim and Scope.....	131
Background.....	131
Design of Your Own Work.....	132
Results.....	132
Discussion.....	132
Conclusions.....	133
Format.....	133
Figures and Tables.....	133
Any Figure or Table.....	133
Graphs (or Charts).....	134

Tables..... 134

Notes and References 134

Appendices 135

Glossary 136

Summary of Chapter 11: Before You Submit 136

12 Beyond the Thesis 137

Disseminating Your Research 138

Kinds of Dissemination..... 139

Dissemination Plans 140

Joint Authorship 142

Seminar and Conference Presentations..... 143

Being a Graduate Student..... 145

Effective Research..... 146

The Arc of a Research Degree 147

Summary of Chapter 12: Beyond the Thesis 149

Appendix..... 151

Notes on Further Resources 157

Index..... 159
