# Contents

1 Introduction ........................................ 1  
   1.1 Motivation .................................... 1  
   1.2 Problem Description .......................... 2  
   1.3 Structure of the Research .................... 4  

2 Research Description .............................. 7  
   2.1 Time: Classification and Definition ............ 7  
   2.2 Research: Constraints and Goals ............... 8  
      2.2.1 Manufacturing: Enterprises, Processes and Taxonomy 8  
      2.2.2 Enterprise Entities and Identification ..... 10  
      2.2.3 Enterprise Perspectives ................... 10  
      2.2.4 Performance Metrics ....................... 11  
      2.2.5 Linkage of Financial and Operational Metrics 11  
      2.2.6 Performance Management .................. 12  
   2.3 Summary .................................... 13  

3 Fundamentals, Concepts, Technologies and Standards ......... 15  
   3.1 Enterprise ................................... 15  
   3.2 Enterprise: Engineering, Modeling and Integration 21  
      3.2.1 Enterprise Modelling ....................... 21  
      3.2.2 Enterprise Integration ..................... 22  
   3.3 Manufacturing Execution Systems ............... 27  
   3.4 Performance Measurement ..................... 30  
      3.4.1 Performance Measurement Systems .......... 30  
      3.4.2 Performance Metrics: Types, Characteristics and Validation 32  
      3.4.3 Production Performance Analysis and Operational Metrics 33  
      3.4.4 Product Cost Accounting and Financial Metrics 35  
   3.5 Event, Event-Driven Architecture and Event Processing 44  
      3.5.1 Events: Definition and Aspects .......... 44  
      3.5.2 Event-Driven Architecture ............... 45
5.4 Evaluation .................................................... 123
5.5 Summary ................................................... 124

6 Conclusions and Future Work ............................. 125

References .................................................. 129
A Reference Architecture for Real-Time Performance Measurement
An Approach to Monitor and Control Manufacturing Processes
Karadgi, S.
2014, XXI, 138 p. 70 illus., Hardcover
ISBN: 978-3-319-07006-3
