## Contents

### Part I  Staging of Rectal Cancer

**Imaging Assessment of Early Rectal Cancer** ................................. 3  
Jo Waage, Fiona Taylor, James Read and Gina Brown

**Predicting Lymph Node Metastases in pT1 Rectal Cancer** .......... 15  
S. L. Bosch and I. D. Nagtegaal

### Part II  Treatment of Early Rectal Cancer

**Endoscopic Resection: When Is EMR/ESD Sufficient?** ................. 25  
H. Messmann

**Transanal Endoscopic Microsurgery** ........................................ 31  
Chris Cunningham

### Part III  Surgical Treatment of Rectal Cancer

**What Is “Good Quality” in Rectal Cancer Surgery?**  
*The Pathologist’s Perspective* .................................................... 41  
S. L. Bosch and I. D. Nagtegaal

**Total Mesorectal Excision: Open, Laparoscopic or Robotic** ....... 47  
Monica Young and Alessio Pigazzi

**Ultra Low Resection Versus Abdomino-Perineal Excision in Low Rectal Cancer** ......................................................... 57  
Torbjörn Holm
T4 Rectal Cancer: Do We Always Need an Exenteration? ............. 69
Thomas A. Vermeer, Miranda Kusters and Harm J. T. Rutten

Do T3 Rectal Cancers Always Need Radiochemotherapy? ............. 95
Rob Glynne-Jones

Quality of Life After Surgery for Rectal Cancer ...................... 117
Teresa Gavaruzzi, Francesca Giandomenico, Paola Del Bianco, Lorella Lotto, Alessandro Perin and Salvatore Pucciarelli

Part IV Combined Modality Therapy in Rectal Cancer

Aims of Combined Modality Therapy in Rectal Cancer (M0) ........ 153
J. P. Gerard, K. Benezery, J. Doyen and E. Francois

Neoadjuvant Radiotherapy (5 × 5 Gy): Immediate Versus
Delayed Surgery ......................................................... 171
Krzysztof Bujko, Maciej Partycki and Lucyna Pietrzak

Early and Late Toxicity of Radiotherapy for Rectal Cancer ....... 189
Ines Joye and Karin Haustermans

Immediate Surgery or Clinical Follow-Up After
a Complete Clinical Response? ........................................ 203
Angelita Habr-Gama and Rodrigo Oliva Perez

Part V Rectal Cancer with Synchronous Liver Metastases

Limits of Colorectal Liver Metastases Resectability:
How and Why to Overcome Them? .................................... 213
Serge Evrard

Rectal Cancer with Synchronous Liver Metastases:
Leave It All in? When (not) to Resect the Primary? ............... 231
Florian Lordick

Recurrence Patterns After Resection of Liver Metastases
from Colorectal Cancer ................................................... 243
Halfdan Sorbye
Early Gastrointestinal Cancers II: Rectal Cancer
Otto, F.; Lutz, M.P. (Eds.)
2014, VIII, 252 p. 33 illus., 15 illus. in color., Hardcover
