Contents

Part I  Introduction

1  Continuous Software Engineering: An Introduction ...................  3
   Jan Bosch

2  Climbing the “Stairway to Heaven”: Evolving From Agile Development to Continuous Deployment of Software ..................  15
   Helena Holmström Olsson and Jan Bosch

3  Academia–Industry Collaboration: Getting Closer is the Key! ......  29
   Anna Sandberg

Part II  Agile Practices

4  Role of Architects in Agile Organizations ..........................  39
   Antonio Martini, Lars Pareto, and Jan Bosch

5  Teams Interactions Hindering Short-Term and Long-Term Business Goals ..................................................  51
   Antonio Martini, Lars Pareto, and Jan Bosch

6  A Framework for Speeding Up Interactions Between Agile Teams and Other Parts of the Organization .........................  67
   Antonio Martini, Lars Pareto, and Jan Bosch

7  Customer-Specific Teams for Agile Evolution of Large-Scale Embedded Systems .................................................  83
   Helena Holmström Olsson, Anna B. Sandberg, and Jan Bosch
Part III  Continuous Integration

8 The CIViT Model in a Nutshell: Visualizing Testing Activities to Support Continuous Integration .......................... 97
   Agneta Nilsson, Jan Bosch, and Christian Berger

9 Continuous Integration Flows ........................................ 107
   Daniel Ståhl and Jan Bosch

10 Towards Continuous Integration for Cyber-Physical Systems on the Example of Self-Driving Miniature Cars ............... 117
   Christian Berger

11 Industrial Application of Visual GUI Testing: Lessons Learned . . . 127
   Emil Alégroth and Robert Feldt

Part IV  R&D as an Innovation System

12 Post-deployment Data Collection in Software-Intensive Embedded Products ........................................ 143
   Helena Holmström Olsson and Jan Bosch

13 The HYPEX Model: From Opinions to Data-Driven Software Development ........................................ 155
   Helena Holmström Olsson and Jan Bosch

Part V  Organizational Performance Metrics

14 Profiling Prerelease Software Product and Organizational Performance ........................................ 167
   Vard Antinyan, Mirosław Staron, and Wilhelm Meding

15 Industrial Self-Healing Measurement Systems .......................... 183
   Mirosław Staron and Wilhelm Meding

Part VI  Industry Best Practices and Case Studies

16 Experiences from Implementing Agile Ways of Working in Large-Scale System Development .......................... 203
   Jonas Wigander

17 Scaling Agile Mechatronics: An Industrial Case Study ............ 211
   Jonn Lantz and Ulf Eliasson

Index ................................................................. 223
Continuous Software Engineering
Bosch, J. (Ed.)
2014, XIV, 226 p. 50 illus., 30 illus. in color., Hardcover
