## Part I  Characterization of Karst Aquifer

1  **Historical Overview on Karst Research**  
   James W. LaMoreaux and Zoran Stevanović  
   References

2  **Karst Environment and Phenomena**  
   Zoran Stevanović  
   2.1  Past Karst as a Human Shelter and Mythic Understanding of Karst  
   2.2  Present—Man and Karst  
   2.3  Water and Karstic Rocks  
   2.4  Karst Classifications and Distribution  
      2.4.1  Classifications  
      2.4.2  General Distribution  
      2.4.3  Regional Distribution  
   References

3  **Characterization of Karst Aquifer**  
   Zoran Stevanović  
   3.1  Aquifer Geometry and Elements  
   3.2  Permeability and Storativity  
   3.3  Flow Types and Pattern  
   3.4  Aquifer Recharge  
      3.4.1  Non-geological Factors of Natural Recharge  
      3.4.2  The Geological Factors Influencing Recharge  
   3.5  Aquifer Discharge  
   3.6  Quality of Karst Groundwater
