       2.3.3 Later Classical Theories of Deflation .......... 17
   2.4 Neoclassical Theories of Deflation .............. 18
       2.4.1 Early Neoclassical Theories of Deflation .... 18
       2.4.2 Deflation and the Productivity Norm .......... 20
       2.4.3 Price Level Stability and Deflation .......... 21
       2.4.4 Keynes on Deflation .......................... 24
       2.4.5 Friedman on Deflation ........................ 27
   2.5 Latest Theories of Deflation ................... 27
       2.5.1 Fractional Reserve Free Banking School .... 27
       2.5.2 Liquidity Trap Theorists ..................... 28
       2.5.3 Good-Versus-Bad Deflation Theorists .......... 30
   2.6 Conclusion ..................................... 31

3 Causes of Deflation ............................. 35
   3.1 Growth Deflation ............................... 35
       3.1.1 Economic Growth and Prices .................. 35
       3.1.2 The Reasons for Economic Growth .............. 37
       3.1.3 Interrelation Between the Causes for Economic Growth .... 42
   3.2 Cash Building Deflation ........................ 42
       3.2.1 Cash Building and Prices ..................... 43
       3.2.2 Types of Money Demand ....................... 43
       3.2.3 Increased Demand for Cash Balances .......... 49
3.3 Bank Credit Deflation ................................. 67
  3.3.1 Bank Credit Deflation and Prices .................. 67
  3.3.2 Austrian Business Cycle Theory .................... 68
  3.3.3 Reasons for Credit Contraction .................... 70
  3.3.4 Credit Contraction as an Accumulative Process .... 74
3.4 Fiat Deflation ........................................ 77
  3.4.1 Fiat Deflation and Prices .......................... 77
  3.4.2 Types of Fiat Deflation ............................ 78

4 Consequences and Myths Concerning Deflation .......... 85
  4.1 Consequences of Deflation ............................ 85
    4.1.1 Falling Prices and Human Action .................. 85
    4.1.2 Consequences of Price Deflation .................. 87
  4.2 Myths Concerning Deflation .......................... 94
    4.2.1 Deflation’s Bad Press ............................. 94
    4.2.2 Myth 1: Deflation Leads to an Arbitrary and Unfair
      Redistribution ....................................... 95
    4.2.3 Myth 2: Deflationary Redistribution Necessarily Decreases
      Production ........................................... 97
    4.2.4 Myth 3: Deflation-Induced Price Instability Leads
      Necessarily to Chaos ................................ 104
    4.2.5 Myth 4: Deflation Leads Necessarily to Mass
      Unemployment ........................................ 107
    4.2.6 Myth 5: Price Deflation Can Put the Economy
      into a Liquidity Trap, i.e. a Disaster ................. 108
  4.3 Theoretical Causes for Opposing Falling Prices ...... 111
    4.3.1 Bias Against Price Deflation ....................... 111
    4.3.2 Fallacious Theories and the Government .......... 111
    4.3.3 Deflationary Redistribution and Its Opposition .... 111
    4.3.4 Money Illusion and Disillusion ..................... 115
    4.3.5 Deflation and Recession .......................... 117

5 Two Historical Examples of Deflation .................. 119
  5.1 The American Growth Deflation from 1865 to 1896 .. 119
    5.1.1 Introduction ...................................... 119
    5.1.2 The Monetary Institutions of the United States
      from 1865 to 1896 ..................................... 120
    5.1.3 Prices and Money from 1865 to 1896 ................ 125
    5.1.4 Growth and Its Causes ............................. 131
    5.1.5 Falling Prices: The Interpretation ................. 136
    5.1.6 Falling Prices: A Political Struggle ............... 140
    5.1.7 Interest Groups and Economic “Theories” ........... 153
    5.1.8 Conclusion ....................................... 155
5.2 The German Bank Credit Deflation of the 1930s ............... 156
  5.2.1 Introduction ........................................... 156
  5.2.2 Bank Credit Inflation ............................... 157
  5.2.3 Bank Credit Deflation ............................... 168
  5.2.4 The Severity of the Depression and Its Causes ........... 175
  5.2.5 Falling Prices: The Interpretation .................... 181
  5.2.6 The Opposition to Price Deflation ...................... 186
  5.2.7 Conclusion ........................................... 189

6 Conclusion ................................................. 191
