</table>
Distortion Risk Measures Under Skew Normal Settings .......................... 135
Weizhong Tian, Tonghui Wang, Liangjian Hu and Hien D. Tran

Towards Generalizing Bayesian Statistics: A Random Fuzzy
Set Approach ................................................................................. 149
Hien D. Tran and Phuong Anh Nguyen

Local Kendall’s Tau ................................................................. 161
P. Buthkhunthong, A. Junchuay, I. Ongeera, T. Santiwipanont
and S. Sumetkijakan

Estimation and Prediction Using Belief Functions: Application
to Stochastic Frontier Analysis ..................................................... 171
Orakanya Kanjanatarakul, Nachatchapong Kaewsompong,
Songsak Sriboonchitta and Thierry Denœux

The Classifier Chain Generalized Maximum Entropy Model
for Multi-label Choice Problems .................................................... 185
Supanika Leurcharusmee, Jirakom Sirisrisakulchai,
Songsak Sriboonchitta and Thierry Denœux

Part II Applications

Asymmetric Volatility of Local Gold Prices in Malaysia .................... 203
Mohd Fahmi Ghazali and Hooi Hooi Lean

Quantile Regression Under Asymmetric Laplace Distribution
in Capital Asset Pricing Model ....................................................... 219
Kittawit Autchariyapanitkul, Somsak Chanaim
and Songsak Sriboonchitta

Evaluation of Portfolio Returns in Fama-French Model Using
Quantile Regression Under Asymmetric Laplace Distribution ....... 233
Kittawit Autchariyapanitkul, Somsak Chanaim
and Songsak Sriboonchitta

Analysis of Branching Ratio of Telecommunication Stocks
in Thailand Using Hawkes Process .................................................. 245
Niwattisaiwong Seksiri and Napat Harnpornchai

Forecasting Risk and Returns: CAPM Model with Belief Functions .... 259
Sutthiporn Piamsuwannakit and Songsak Sriboonchitta
Correlation Evaluation with Fuzzy Data and its Application in the Management Science ........................................ 273
Berlin Wu, Wei-Shun Sha and Juei-Chao Chen

Empirical Evidence Linking Futures Price Movements of Biofuel Crops and Conventional Energy Fuel .......................... 287
Jianxu Liu, Songsak Sriboonchitta, Roland-Holst David, Zilberman David and Aree Wiboonpongse

Optimal Portfolio Selection Using Maximum Entropy Estimation Accounting for the Firm Specific Characteristics ........ 305
Xue Gong and Songsak Sriboonchitta

Risk, Return and International Portfolio Analysis: Entropy and Linear Belief Functions ........................................ 319
Apiwat Ayusuk and Songsak Sriboonchitta

Forecasting Inbound Tourism Demand to China Using Time Series Models and Belief Functions .......................... 329
Jiechen Tang, Songsak Sriboonchitta and Xinyu Yuan

Forecasting Tourist Arrivals to Thailand Using Belief Functions ...... 343
Nyo Min, Jirakom Sirisrisakulchai and Songsak Sriboonchitta

Copula Based Polychotomous Choice Selectivity Model: Application to Occupational Choice and Wage Determination of Older Workers ............................................................. 359
Anyarat Wichian, Jirakom Sirisrisakulchai and Songsak Sriboonchitta

Estimating Oil Price Value at Risk Using Belief Functions .......... 377
Panisara Phochanachan, Jirakom Sirisrisakulchai and Songsak Sriboonchitta

Broad Monetary Condition Index: An Indicator for Short-Run Monetary Management in Vietnam .......................... 391
Pham Thi Tuyet Trinh and Nguyen Thien Kim

Analysis of International Tourism Demand for Cambodia .......... 415
Chantha Hor and Nalitra Thaiprasert

Modeling the Impact of Internet Broadband on e-Government Service Using Structural Equation Model .................. 427
Sumate Pruekruedee, Komsan Suriya and Niwattisaiwong Seksiri
Nuttanan Wichitaksorn and S.T. Boris Choy

Strategic Path to Enhance the Impact of Internet Broadband on the Creative Economy in Thailand: An Analysis with Structural Equation Model
Sumate Pruekruedee and Komsan Suriya

Impact of Mobile Broadband on Non-life Insurance Industry in Thailand and Singapore
Niwattisaiwong Seksiri and Komsan Suriya

Using Conditional Copula to Estimate Value-at-Risk in Vietnam’s Foreign Exchange Market
Vu-Linh Nguyen and Van-Nam Huynh

The Effects of Foreign Direct Investment and Economic Development on Carbon Dioxide Emissions
Shu-Chen Chang and Wan-Tran Huang

Author Index

Contents
Econometrics of Risk
Huynh, V.-N.; Kreinovich, V.; Sriboonchitta, S.; Suriya, K. (Eds.)
2015, X, 498 p. 94 illus., 75 illus. in color., Hardcover
ISBN: 978-3-319-13448-2
