

Contents

1	Introduction: The Laboratory Mice	1
1.1	Ethology and the Study Field of Olfactory Communication in Laboratory Mice	1
1.2	The Social System and Breeding System	3
1.3	Pregnancy, Delivery, and the Growth and Development of the Offspring	6
1.4	Mouse Biology, Hormones, Pheromones, and Pheromone Signaling	6
	References	7
2	The Olfactory Systems	11
2.1	The Olfactory Systems	11
2.2	The Main Olfactory System and Its Pathway in Relation to Pheromone Signaling	12
2.3	Accessory Olfactory System (Vomeronasal System)	15
2.4	Responses to Pheromone Are not Always the Same	17
2.5	Sex Differences in the Responses to Pheromones	20
	References	21
3	The Primer Effects	23
3.1	The Lee–Boot Effect, Whitten Effect, and Vandenberg Effect	23
3.2	Bruce Effect	24
3.3	Primer Effect in Males	29
3.3.1	Social Dominance and Sperm Motility	29
3.3.2	Female Odors and Sperm Density	31
3.3.3	Influence of Adult Males’ Odor on Sperm Morphology	35
	References	36

- 4 Identification of Pheromones** 39
 - 4.1 Pheromones to Induce Primer Effects 39
 - 4.2 Pheromones to Induce Releaser Effects. 43
 - 4.2.1 Aggression 43
 - 4.2.2 Sexual Behaviors and Pheromones in Tears: The Esps 44
 - 4.2.3 Kin Recognition, Subspecies Recognition,
and Mate Preference 45
 - 4.2.4 Rooting Behaviors by Neonates: Are There
Pheromones in Mouse Milk? 50
 - 4.2.5 Parental Behaviors. 52
 - References 55
- 5 New Primer Effects** 59
 - 5.1 From Early Studies to New Studies 59
 - 5.2 Adult Neurogenesis 60
 - 5.3 Odors of Opposite Sex Stimulate Neurogenesis 60
 - 5.4 Identification of Pheromones that Stimulate Cell Proliferation
in the Brain. 61
 - 5.4.1 Female Studies 61
 - 5.4.2 Male Studies. 66
 - 5.5 Mammary Gland Expansion by Exposure to Male Pheromone. 68
 - 5.6 Trans-generational Influence of Exposure to Pheromones 70
 - References 73
- 6 Ontogeny.** 75
 - 6.1 Ontogeny of the Olfactory System. 75
 - 6.2 Developmental Changes in the Responses to Pheromones 78
 - 6.3 Epigenetic Changes on the Sensitivity to Smell 79
 - References 82
- 7 Adaptive Functions** 85
 - 7.1 What is their Function in Reproductive Success?. 85
 - 7.2 Function of Enhanced Adult Neurogenesis by Exposure to
Pheromones 87
 - 7.3 Possible Pheromonal Signaling in Humans and its Function 87
 - Appendix 89
 - References 90
