

# Table of contents

## PART I: CRITICAL OVERVIEW

### CHAPTER 1

#### **Health Technology Assessment and its Interface with Regulation, Policy and Management** 3

*Michael Drummond*

Introduction 3

Health Technology Assessment and Regulators 3

Health Technology Assessment and Health Policy Makers 6

Health Technology Assessment and Health Service Managers 11

Conclusions 12

### CHAPTER 2

#### **Health Technology Assessment (HTA) and the Incentives to Innovation in the Life Cycle of a Health Technology** 15

*Joan Rovira*

Introduction 15

The Meaning of Innovation 16

What is Innovation in Health Technology? 17

Key Decisions in the Life Cycle of Health Technologies: Do the Present Institutional Arrangements Provide Appropriate Incentives for Socially Needed Innovation? 22

Options and Proposals for Using Health Technology Assessment to Assist Policy Practices Aimed at Promoting Socially Needed Innovation in Health 25

Conclusions 31

Recommendations 31

### CHAPTER 3

#### **The Wisdom Tooth of Health Technology Assessment** 37

*Ricard Meneu*

A New Old Science? 37

Assessing the Assessments 38

From Peer Review to Ceteris Paribus 41

The Lurker at the Threshold 43

### CHAPTER 4

#### **Regaining Health Technology Assessment from Oblivion: Improving and Integrating Regulation of Drugs, Medical Devices, Diagnostic Tests and Surgical Innovations** 51

*Carlos Campillo-Artero*

Introduction 51

Medical Devices 53

Diagnostic Tests 56

Surgery 60

Indispensable Measures for Improving and Integrating Regulatory Reform of Drugs, Medical Devices, Diagnostic Tests and Surgical Innovations 64

**PART II: ISSUES**

## CHAPTER 5

**Four Issues in Cost-Effectiveness Analysis and Health Technology Assessment: a View from the Touch-line**

77

*Anthony J. Culyer*

Introduction 77

Issue 1: Cost-Effectiveness Analysis – What Is It? 77

Issue 2: How Specific, How General? 83

Issue 3: Quality-adjusted Life-years *Versus* Disability-adjusted Life-years  
– Can There Be a Winner? 84

Issue 4: Societal Perspective – Is There No Alternative? 88

Conclusions 92

## CHAPTER 6

**Measuring QALYs for HTA and Health Policy Decision Making: Bridging the Gap Between Power and ACT**

95

*José-María Abellán-Perpiñán*

Introduction 95

Quality-adjusted Life-years and Health State Utility Measurement 96

First Solution: Debiasing 98

Second Solution: Using Less Biased Methods 100

Discussion 103

Conclusions and Recommendations 104

## CHAPTER 7

**What Health Technology Assessment System Do we Really Need? A Critical Review of the Current Situation of Health Technology Assessment in Five European Countries**

109

*Juan E. del Llano-Señaris*

What is Health Technology Assessment? 109

The Current Situation of the Health Technology Assessment System in Spain 109

Health Technology Assessment in England/Wales, France, Germany,  
Sweden and Spain: Learning From One Another 114Valuable Lessons on Health Technology Assessment for the European Union:  
Operating as a Network of National Bodies? 120Foregone Benefits and Future Possibilities of Effectiveness Improvements  
on Health Technology Assessment Outcomes and Dissemination 123

Conclusions 125

## CHAPTER 8

**The Final Stretch? How Shared Decision Making Extends Health Technology Assessment to Meet Patient Preference**

131

*Stuart W. Grande and Glyn Elwyn*

Introduction 131

Shared Decision Making: Definitions, Origins, and Expectations 132

Why Shared Decision Making Matters 138

How is Shared Decision Making Relevant to Managing Innovative Technology? 140

How Might Shared Decision Making Contribute to Health Technology  
Assessment? 142

Conclusions 143

---

|   |     |
|---|-----|
| CHAPTER 9   |     |
| <b>Dissemination of Health Technology Assessment</b>                            | 147 |
| <i>H. David Banta</i>   |     |
| Introduction  | 147 |
| Development of Health Technology Assessment                                     | 147 |
| Diffusion and Use of Knowledge in Healthcare                                    | 148 |
| What is the Problem?  | 150 |
| What Can Be Done?   | 151 |
| The Importance of Health Policy   | 152 |
| Implementation of Health Technology Assessment                                  | 152 |
| Health Technology Assessment in the Private Sector and Access<br>to Information | 153 |
| Professional Groups   | 154 |
| Conclusions   | 154 |
