Contents

1 User Experience Evaluation Methods in the Games Development Life Cycle
   Regina Bernhaupt ........................................................................................................ 1

Part I User Orientated Methods

2 Video Game Development and User Experience
   Graham McAllister and Gareth R. White ................................................................. 11

3 Assessing the Core Elements of the Gaming Experience
   Eduardo H. Calvillo-Gámez, Paul Cairns and Anna L. Cox ................................. 37

4 Games User Research and Physiological Game Evaluation
   Lennart E. Nacke ........................................................................................................ 63

5 Understanding Presence, Involvement, and Flow in Digital Games
   Jari Takatalo, Jukka Häkkinen and Göte Nyman ....................................................... 87

6 Evaluating User Experience Factors using Experiments:
   Expressive Artificial Faces Embedded in Contexts
   Michael Lankes, Regina Bernhaupt and Manfred Tscheligi
   .......................................................... 113

Part II Automated Methods

7 Behavioral Telemetry in Games User Research
   Anders Drachen .......................................................................................................... 135

Part III Expert Orientated Methods

8 User Experience Design for Inexperienced Gamers: GAP—
   Game Approachability Principles
   Heather Desurvire and Charlotte Wiberg .................................................................. 169
9  A Heuristic Framework for Evaluating User Experience in Games ... 187
Christina Hochleitner, Wolfgang Hochleitner, Cornelia Graf
and Manfred Tscheligi

Part IV  Game Specific Approaches

10  Enabling Co-Located Physical Social Play: A Framework
    for Design and Evaluation ............................................. 209
    Elena Márquez Segura and Katherine Isbister

11  Evaluating Exertion Games ............................................ 239
    Florian Mueller and Nadia Bianchi-Berthouze

12  Beyond the Gamepad: HCI and Game Controller Design
    and Evaluation .............................................................. 263
    Michael Brown, Aidan Kehoe, Jurek Kirakowski and Ian Pitt
Game User Experience Evaluation
Bernhaupt, R. (Ed.)
2015, VIII, 285 p. 42 illus., Hardcover
