Contents

Part I  Introduction to Pain

1  Neuronal Signatures of Pain in the Rehabilitation Patient .................. 3
   Theresa R. Lii and Carl Y. Saab

2  Multidisciplinary Pain Management in the Rehabilitation Patient ................................................................. 13
   Tory McJunkin, Edward Swing, Kyle Walters, and Paul Lynch

Part II  Pain in the Rehabilitation Patient

3  Pain in the Spinal Cord Injury Rehabilitation Patient ....................... 25
   Heidi Wennemer, Nadia Alwasiah, and Damon A. Gray

4  Pain in the Traumatic Brain Injury Rehabilitation Patient ................. 41
   Benjamin Seidel and Mitchell Freedman

5  Pain in the Stroke Rehabilitation Patient ........................................ 53
   Anjum Sayyad

6  Pain in the Spasticity Rehabilitation Patient .................................... 61
   Anjum Sayyad

7  Pain in the Orthopedic Rehabilitation Patient ................................. 69
   Joshua Minori, Edward Wieseltier, and Theresa Lie-Nemeth

8  Pain in the Tendinopathy Rehabilitation Patient ............................. 83
   Marissa L. Darling, Daniel A. Fung, and Timothy T. Davis

9  Pain in the Amputation Rehabilitation Patient .................................. 95
   Edward Wieseltier, Joshua Minori, and Theresa Lie-Nemeth

10 Pain in the Cancer Rehabilitation Patient ..................................... 107
    Ryan Murphy and Jonas Sokolof
11 Pain in the Spine Rehabilitation Patient ........................................ 119
   Nameer R. Haider and Jeremy Skiechs

12 Pain in the Pelvic Rehabilitation Patient .................................... 141
   Anjum Sayyad

13 Pain in the Burn Rehabilitation Patient .................................... 155
   Peter I-Kung Wu, Andrew Joyce, and Jeffrey C. Schneider

14 Pain in the Neuromuscular Disease Rehabilitation Patient .......... 171
   David Haustein and Steven Papuchis

15 Pain in the Complex Regional Pain Syndrome
   Rehabilitation Patient .......................................................... 183
   Jack Anderson, Tory McJunkin, Brynna Henwood, and Edward Swing

16 Pain in the Addiction Rehabilitation Patient .............................. 195
   Frank R. Sparadeo

Part III  Headache

17 Primary Headaches in the Rehabilitation Patient ...................... 209
   Jeremy Goodwin

18 Secondary Headaches in the Rehabilitation Patient .................. 245
   Jeremy Goodwin and Zahid Bajwa

19 Posttraumatic Headache in the Rehabilitation Patient ............... 269
   Brian D. Greenwald, Sagar S. Parikh, Julie Ferris, and Michael Ra

Part IV  Multi Modal Approach: Pain Diagnostics

20 Diagnostic Radiology and Pain in the Rehabilitation Patient ...... 287
   Aaron L. Harman and Van T. Nguyen

21 Electrodiagnostic Studies for Pain
   in the Rehabilitation Patient .................................................. 299
   John R. Parziale

Part V  Multi Modal Approach: Rehabilitation

22 Physical Therapy and Pain in the Rehabilitation Patient .......... 309
   Hubert van Griensven

23 Manual Therapy and Pain in the Rehabilitation Patient ............ 319
   Alison E. Mulcahy

24 Modalities and Pain in the Rehabilitation Patient .................... 323
   Alison E. Mulcahy
Contents

25 Occupational Therapy and Pain in the Rehabilitation Patient ........................................... 331
Janet L. Rivard Michaud and Jill Kauders Levine

26 Aquatic Therapy and Pain in the Rehabilitation Patient ....................... 347
David McIntyre

27 The Burdenko Method and Pain in the Rehabilitation Patient ........... 357
Igor N. Burdenko, Joseph P. Carroll, and Paul J. Salvi

Part VI Multi Modal Approach: Medication Management

28 Adjuvant Medications for Pain in the Rehabilitation Patient ............ 373
Alexios Carayannopoulos

29 Basic Psychopharmacology for the Treatment of Pain in the Rehabilitation Patient ................................................................. 403
Timothy J. Bunton, Peter Breslin, and Zia Uddin

30 Opioids for the Treatment of Pain in the Rehabilitation Patient ................................................................. 411
Christina Lamar and Anjum Bux

31 Opioid-Induced Hyperalgesia Syndrome in the Rehabilitation Patient ................................................................. 419
Keith A. Scarfo

32 Urine Drug Testing for Opioids in the Rehabilitation Patient .......... 425
Tahir Tellioglu

Part VII Multi Modal Approach: Injections and Procedures

33 Trigger Point Injections for the Treatment of Pain in the Rehabilitation Patient ................................................................. 435
Vishal Kancherla and Amir Ahmadian

34 Intra-articular Joint and Bursa Injections for the Treatment of Pain in the Rehabilitation Patient ................................................................. 441
Vishal Kancherla and Angela Cortez

35 Interlaminar and Caudal Epidural Steroid Injections for the Treatment of Pain in the Rehabilitation Patient ................................................................. 447
Joseph William and Ai Mukai

36 Transforaminal Epidural Steroid Injections and Selective Nerve Root Blocks for the Treatment of Pain in the Rehabilitation Patient ................................................................. 459
Mehul Sekhadia

37 Sacroiliac Joint Injections for the Treatment of Pain in the Rehabilitation Patient ................................................................. 469
Miguel D. Attias, Olena Zhukova, and Nomen Azeem

Part X Multi Modal Approach: Neuromodulation

49 Spinal Cord Stimulation for the Treatment of Pain in the Rehabilitation Patient ...................................................... 639
Jonathan D. Carlson, Tory McJunkin, Kyle Walters, and Edward Swing

50 High-Density Spinal Cord Stimulation for the Treatment of Pain in the Rehabilitation Patient ....................... 647
Jay S. Grider and Michael Harned

51 Burst Spinal Cord Stimulation for the Treatment of Pain in the Rehabilitation Patient ...................................................... 657
Lucas W. Campos, Jason E. Pope, and Timothy R. Deer

52 Dorsal Root Ganglion Stimulation for the Treatment of Pain in the Rehabilitation Patient ...................................................... 671
Lucas W. Campos, Jason E. Pope, and Timothy R. Deer

53 High Frequency (HF-10 Therapy) for the Treatment of Pain in the Rehabilitation Patient ...................................................... 681
Kasra Amirdelfan, Arun Ganesh, and Leonardo Kapural

54 Intraoperative Neurophysiology for Spinal Cord Stimulation Placement Under General Anesthesia for the Treatment of Pain in the Rehabilitation Patient ....................... 695
Jay L. Shils and Jeffery E. Arle

55 Peripheral Nerve Stimulation for the Treatment of Pain in the Rehabilitation Patient ...................................................... 703
Rabia Tari, Christy Gomez, and Konstantin V. Slavin

56 Intrathecal Therapy for the Treatment of Pain in the Rehabilitation Patient ...................................................... 711
Lucas W. Campos, Jason E. Pope, and Timothy R. Deer

57 Deep Brain Stimulation for the Treatment of Pain in the Rehabilitation Patient ...................................................... 725
Steven M. Falowski and William S. Rosenberg

Part XI Multi Modal Approach: Neuroablation

58 Neuroablative Procedures for the Treatment of Pain in the Rehabilitation Patient ...................................................... 739
Daniel M. Aghion

Part XII Multi Modal Approach: Surgical Management of Pain

59 Orthopedic Procedures for the Treatment of Pain in the Rehabilitation Patient ...................................................... 753
Roy Ruttiman, Adam E.M. Eltorai, and Alan H. Daniels
60 Vascular Procedures for the Treatment of Pain in the Rehabilitation Patient ...................................................... 763
  Lidie Lajoie and Subodh Arora

61 Lumbar Spine Procedures for the Treatment of Pain in the Rehabilitation Patient .......................... 777
  Toby Emanuel, David B. Choi, Curtis E. Doberstein, Adetokunbo A. Oyelese, Albert E. Telfeian, and Ziya L. Gokaslan

62 Transforaminal Endoscopic Surgery for the Treatment of Pain in the Rehabilitation Patient .......... 791
  David B. Choi and Albert E. Telfeian

63 Upper Extremity Peripheral Neuropathies in the Rehabilitation Patient ............................................. 803
  Gahie Nam, David B. Choi, Petra M. Klinge, Ziya L. Gokaslan, and Deus J. Cielo

64 Lower Extremity Peripheral Neuropathies in the Rehabilitation Patient ............................................. 827
  Gahie Nam, David B. Choi, Albert E. Telfeian, Ziya L. Gokaslan, and Deus J. Cielo

65 Glossopharyngeal Neuralgia in the Rehabilitation Patient ................................................................. 841
  David B. Choi, Cody A. Doberstein, Daniel M. Aghion, Wael F. Asaad, and Curtis E. Doberstein

66 Trigeminal Neuralgia in the Rehabilitation Patient .............................................................................. 851
  Francesco G. Pucci, Wael F. Asaad, and Curtis E. Doberstein

67 Pain in the Spinal Oncology Rehabilitation Patient ............................................................................. 873
  Thomas Kosztowski, Adetokunbo A. Oyelese, and Ziya L. Gokaslan

68 Intraoperative Neuromonitoring of the Spine in the Rehabilitation Patient ......................................... 879
  Christopher Martin, Peter K. Dempsey, and Jay L. Shils

Part XIII Novel Techniques

69 Percutaneous Needle Tenotomy and Tenex Health Therapy in the Rehabilitation Patient .................. 891
  Gaurav Sunny Sharma, Daniel A. Fung, and Timothy T. Davis

70 Percutaneous Peripheral Nerve Stimulation for the Treatment of Pain in the Rehabilitation Patient ......... 899
  John Chae, Richard Wilson, Maria Bennett, Amorn Wongsampongoon, and Joseph Boggs
Contents

71 Biologic and Regenerative Therapy for the Treatment of Pain in the Rehabilitation Patient ....................... 911
Ian D. Dworkin, Juewon Khwarg, Daniel A. Fung, and Timothy T. Davis

72 Electro-analgesia for the Treatment of Pain in the Rehabilitation Patient: Calmare Pain Mitigation Therapy ......................................................................................... 921
Stephen J. D’Amato and Frank R. Sparadeo

Part XIV Business and Legal Perspectives

73 The Business of Pain Medicine in the Rehabilitation Patient ........................................................................ 935
Anish S. Patel

74 Medicolegal Issues of Pain Medicine in the Rehabilitation Patient ................................................................ 949
Segun Toyin Dawodu

Index .......................................................................................................................................................... 959
Comprehensive Pain Management in the Rehabilitation Patient
Carayannopoulos DO, MPH, A. (Ed.)
2017, XXII, 984 p. 132 illus., 69 illus. in color., Hardcover
