Contents

Part I Origin, Evolution and Diversification of Climbers
1 Climbers: Evolution and Diversification in Angiosperm .................... 3
   Shiwali Sharma and Anwar Shahzad

Part II Climbers as Medicine and Conservation Challenges
2 Biodiversity Conservation with Special Reference to Medicinal
   Climbers: Present Scenario, Challenges, Strategies, and Policies ...... 23
   Shiwali Sharma and Rekha Arya
3 Medicinal Importance of Climbers Used in Unani
   System of Medicine ................................................................. 65
   M.A. Kalam and Ghufran Ahmad
4 Climber Plants: Medicinal Importance and Conservation
   Strategies .................................................................................. 101
   Muzamil Ali, Tasiu Isah, Dipti, and A. Mujib

Part III Plant Tissue Culture: A Rapid and Most Reliable
   Approach for Plant Diversity Conservation
5 Plant Tissue Culture: Profile of Pioneers ...................................... 141
   Anwar Shahzad, Vikas Yadav, and Zishan Ahmad
6 Micropropagation: A Boon for Conservation
   of Valuable Vines and Lianas ......................................................... 163
   Shiwali Sharma, Anwar Shahzad, Rakhshanda Akhtar, and
   Anamica Upadhyay
7 Somatic Embryogenesis: A Valuable Strategy
   for Phyto-Climbing Diversity Conservation ................................... 195
   Anwar Shahzad, Shiwali Sharma, and Saeed A. Siddiqui
8 A Biotechnological Perspective Towards Improvement of Decalepis hamiltonii: Potential Applications of Its Tuber and Bioactive Compounds of Nutraceuticals for Value Addition ............................... 217
Matam Pradeep, Kamireddy Kiran, and Parvatam Giridhar

9 Tylorpha indica (Burm. f.) Merrill: Medicinal Uses, Propagation, and Replenishment ............................... 239
Anwar Shahzad, Anamica Upadhyay, Shiwali Sharma, and Taiba Saeed

10 In Vitro Strategies for the Conservation of Some Medicinal and Horticultural Climbers .............................................. 259
T. Dennis Thomas and Yoichiro Hoshino

Part IV Synthetic Seed: A New Horizon for Conservation and Transportation of Germplam

11 Advancement in Encapsulation Techniques for Conservation of Climbers ................................................................. 293
Arjumend Shaheen and Anwar Shahzad

Part V Metabolic Engineering and Synthetic Biology for Bioactive Compounds and Their Improvement

12 Secondary Metabolite Enhancement in Medicinal Climbers Through the Intervention of Abiotic and Biotic Elicitors ................................................................. 311
Anwar Shahzad and Rakhshanda Akhtar

Part VI Genetic Transformations: A Desired Approach for Quality Improvement

13 Basic Principles Behind Genetic Transformation in Plants .......... 327
Taiba Saeed and Anwar Shahzad

14 Genetic Transformation for Quality Improvement in Ornamental Climbers ................................................................. 351
Gaurav Singh, Mrinalini Srivastava, and Pratibha Misra

15 Advances in Molecular Approaches for the Integrative Genetic Transformation of Highly Important Climbers .............................. 367
Taiba Saeed and Anwar Shahzad

Part VII Molecular Marker Approaches: Quality Assessment and Authentication for Medicinal Value

16 Molecular Markers and Their Application in Plant Biotechnology ................................................................. 389
Shahina Parveen, Anwar Shahzad, and Vikas Yadav
17 Application of Molecular Markers in Medicinal Climbers ............... 415
Shahina Parveen and Anwar Shahzad

Part VIII Selective Protocols for In Vitro Propagation and Secondary Metabolite Production

18 Selective Protocols for In Vitro Propagation and Secondary Metabolite Production ................................................................. 429
Y.K. Bansal and A.J. Bharati

19 In Vitro Protocols for Ornamental Climbers ........................................ 449
Arjumend Shaheen and Anwar Shahzad

20 Contribution of Biotechnological Tools in the Enhancement of Secondary Metabolites in Selected Medicinal Climbers .............. 465
Mrinalini Srivastava, Gaurav Singh, and Pratibha Misra

Index ................................................................................................................. 487
Biotechnological strategies for the conservation of medicinal and ornamental climbers
Shahzad, A.; Sharma, S.; Siddiqui, S.A. (Eds.)
2016, XIV, 506 p. 25 illus., 1 illus. in color., Hardcover
ISBN: 978-3-319-19287-1
