## 1 Introduction

*David Perry*

References 2

## 2 Overview of anticoagulants

*David Perry*

- Warfarin 3
- Heparin 4
- Direct IIa (thrombin) inhibitors 6
- Direct oral Xa inhibitors 7
- Laboratory tests in patients on direct oral anticoagulant agents 9
- Perioperative management of patients on direct oral anticoagulant agents 14
- Direct oral anticoagulant agents: summary of pharmacokinetic properties 14

References 15

## 3 Thromboprophylaxis in medical patients

*David Perry*

- Introduction 17
- Risk factors and risk assessment models in medical patients 18
- Thromboprophylaxis clinical trials in medical patients 19
- Who should not receive thromboprophylaxis? 24
- Which drugs? 25
- Direct oral anticoagulants for the prevention of venous thromboembolism in medical patients 25

References 25

## 4 Introduction to thromboprophylaxis in surgical patients

*David Warwick*

- Achieving a balance 29
- Guidelines 31

References 32
5 **Thromboprophylaxis in orthopedic surgery** 33
   *David Warwick*
   - The risk in orthopedic surgery 33
   - Guidelines in orthopedic surgery 33
   - Mechanical prophylaxis 34
   - Pharmacological methods 34
   - Particular aspects of chemical thromboprophylaxis 39
   - Recommendations for specific orthopedic procedures 41
   - References 43

6 **Thromboprophylaxis in cancer surgery** 47
   *David Gozzard and David Perry*
   - Pathophysiology 47
   - Epidemiology 48
   - Antithrombotic agents in cancer thromboprophylaxis 49
   - The clinical approach to cancer thromboprophylaxis 50
   - Recommendations 51
   - References 52

7 **Thromboprophylaxis in other types of surgery** 55
   *David Gozzard and David Perry*
   - Neurological surgery 55
   - Urological surgery 59
   - Cardiothoracic surgery 60
   - Gynecological surgery 63
   - Patients with mechanical heart valves 63
   - References 65

8 **Thromboprophylaxis in pregnancy** 67
   *David Perry*
   - Risk factors for venous thromboembolic disease in pregnancy 69
   - Women on long-term anticoagulation 74
   - Thrombophilia in pregnancy 75
   - Antiphospholipid syndrome 75
   - Monitoring of low molecular weight heparins in pregnancy 76
9 Venous thromboprophylaxis in children  
Timothy Nokes  
Introduction 81  
Risk for venous thromboembolism in specific clinical settings 85  
Guidelines and recommendations 86  
References 93  

10 Thromboprophylaxis in cancer patients  
Jennifer R Eads and Alok A Khorana  
Introduction 97  
Risk assessment 98  
Outpatient thromboprophylaxis 101  
Inpatient thromboprophylaxis 105  
Summary 106  
Acknowledgements 107  
References 107  

11 Travel-related thrombosis  
Mohammed M Khan and Henry G Watson  
Introduction 111  
Incidence of travel-related venous thromboembolism 111  
Mechanism of travel-related venous thromboembolism 113  
Thromboprophylaxis in long distance travel 113  
Measures to reduce the risk of travel-related thrombosis 116  
Summary 116  
References 116
