

# Contents

|  |     |
|--|-----|
| <b>Biology and Industrial Applications of <i>Chlorella</i>:<br/>Advances and Prospects</b> . . . . .       | 1   |
| Jin Liu and Feng Chen  |     |
| <b>Microalgae as a Source of Lutein: Chemistry, Biosynthesis,<br/>and Carotenogenesis</b> . . . . .        | 37  |
| Zheng Sun, Tao Li, Zhi-gang Zhou and Yue Jiang   |     |
| <b>Modelling of Microalgae Culture Systems with Applications<br/>to Control and Optimization</b> . . . . . | 59  |
| Olivier Bernard, Francis Mairet and Benoît Chachuat  |     |
| <b>Monitoring of Microalgal Processes</b> . . . . .  | 89  |
| Ivo Havlik, Thomas Scheper and Kenneth F. Reardon  |     |
| <b>Photobioreactors in Life Support Systems</b> . . . . .  | 143 |
| Ines Wagner, Markus Braun, Klaus Slenzka and Clemens Posten  |     |
| <b>Index</b> . . . . .   | 185 |
