

Contents

1	Starting and Using MATLAB	1
1.1	Organize Your Desktop.	1
1.2	MATLAB Scripts and Functions.	1
1.2.1	MATLAB Script.	2
1.2.2	MATLAB Function.	2
1.3	The Windows Environment.	4
1.4	The Linux Environment	5
1.5	Using GNU Octave.	6
1.6	Documenting Results	6
1.7	MATLAB-Elements Used in This Chapter	7
1.8	Problems and Exercises.	9
2	How a Computer Calculates	11
2.1	Finite Arithmetic	11
2.2	Rounding Errors.	12
2.3	IEEE-Arithmetic.	13
2.4	MATLAB-Elements Used in This Chapter	15
2.5	Problems.	16
3	Plotting Functions and Curves	17
3.1	Plotting a Function.	17
3.2	Plotting Curves	20
3.3	Plotting 3-d Curves	20
3.4	Surface and Mesh Plots.	21
3.5	Contour Plots	23
3.6	MATLAB-Elements Used in This Chapter	24
3.7	Problems.	27
4	Some Elementary Functions	29
4.1	Computing the Exponential Function	30
4.2	Computing sin and cos	32
4.3	Computing arctan.	32

4.4	MATLAB-Elements Used in This Chapter	32
4.5	Problems.	33
5	Computing with Multiple Precision	35
5.1	Computation of the Euler Number e	35
5.2	MATLAB-Elements Used in This Chapter	41
5.3	Problems.	43
6	Solving Linear Equations	43
6.1	Gaussian Elimination and LU Decomposition	43
6.2	Elimination with Givens-Rotations	47
6.3	MATLAB-Elements Used in This Chapter	51
6.4	Problems.	52
7	Recursion	57
7.1	Introduction.	57
7.2	Laplace Expansion for Determinants.	58
7.3	Hilbert Curves	60
7.4	Quicksort	63
7.5	MATLAB-Elements Used in This Chapter	64
7.6	Problems.	65
8	Iteration and Nonlinear Equations	67
8.1	Bisection.	67
8.2	Newton's Method.	68
	8.2.1 Algorithm of Heron	69
	8.2.2 Fractal	69
8.3	Circular Billiard	70
8.4	MATLAB-Elements Used in This Chapter	74
8.5	Problems.	75
9	Simulation	79
9.1	Event Simulation Using Random Numbers	79
9.2	Exhaustive Search	84
9.3	Differential Equations	87
	9.3.1 Numerical Integrator ode45	88
	9.3.2 Dog Attacking a Jogger	90
9.4	MATLAB-Elements Used in This Chapter	94
9.5	Problems.	95
10	Solutions of Problems.	99
10.1	Chapter 1: Starting	99
10.2	Chapter 2: How a Computer Calculates.	99
10.3	Chapter 3: Plotting Functions and Curves	102
10.4	Chapter 4: Some Elementary Functions.	105
10.5	Chapter 5: Computing with Multiple Precision.	109
10.6	Chapter 6: Solving Linear Equations.	113

10.7	Chapter 7: Recursion	123
10.8	Chapter 8: Iteration and Nonlinear Equations.	128
10.9	Chapter 9: Simulation	138
	Bibliography	149
