Part I An Evolutionary Approach to Education

2 Cultural Evolution: Past, Present and Futures ............... 17
  2.1 Introduction ........................................ 17
  2.2 Evolution of Consciousness: The Cultural Dimension (Phylogeny) ........................................ 18
    2.2.1 What is Cultural Evolution? ...................... 18
    2.2.2 What is Evolution of Consciousness? .......... 19
    2.2.3 Challenges of Researching Evolution of Consciousness—Culturally ......................... 20
    2.2.4 Why Darwinian Biological Evolution is Incomplete: A Cultural Diagnostic ................... 21
  2.3 A Transdisciplinary Perspective on Human Culture ......... 22
  2.4 Selected Theorists of Cultural Evolution ................. 23
    2.4.1 Comparative Models: Steiner, Gebser and Wilber .... 23
    2.4.2 Gebser’s Structures of Consciousness .......... 25
  2.5 Cultural Evolution from an Integrated Lens .............. 26
    2.5.1 The Dawn of Humans: The Culture of Survival ........................................ 28
    2.5.2 The Age of Magic: The Culture of Art .......... 30
4.3 Pre-formal Education: Thousands of Years of Enculturation ........................................ 74
  4.3.1 Archaic Enculturation: The Arts of Gathering, Colouring, Shaping .......................... 74
  4.3.2 Magic Enculturation: The Arts of Painting, Carving, Sculpture and Pottery ................. 77
  4.3.3 Mythical Enculturation: The Arts of Stories, Myths and Pictographs ......................... 80

4.4 Formal Education 1: 2,000 Years of Elite Formal Schooling ........................................ 83
  4.4.1 The Birth of European Elite Formal Schooling ....................................................... 83
  4.4.2 Fragments of Non-Western Elite Formal Schooling ................................................ 84

4.5 Formal Education 2: Two Hundred Years of Mass Formal Schooling ................................ 86
  4.5.1 From Idealism to Industrialism .................................................................................. 87
  4.5.2 Why Mass Formal Education is Incomplete: An Educational Diagnostic ...................... 88

4.6 Drivers of Change in the 21st Century: Global Education ............................................... 89
  4.6.1 Basic Education as a Human Right ............................................................................ 89
  4.6.2 Globalisation and Corporatisation of Higher Education ........................................... 89
  4.6.3 The Information Revolution ..................................................................................... 90
  4.6.4 The Rise of the Global South ................................................................................... 90
  4.6.5 Megatrends of the Mind and New Knowledge Patterns .......................................... 91

4.7 From Global Knowledge Economy to Global Knowledge Futures ..................................... 92
  4.7.1 The Global Knowledge Economy ............................................................................. 92
  4.7.2 Towards Global Knowledge Futures ........................................................................ 93

4.8 Concluding Remarks ......................................................................................................... 95

References ............................................................................................................................. 95

Part II Postformal Psychology and Education: A Dialogue

5 Postformal in Psychology: Beyond Piaget’s Formal Operations ........................................ 101
  5.1 Introduction .................................................................................................................... 101
  5.2 The Emergence of Adult Development Theories ............................................................ 102
    5.2.1 Adult Developmental Stage Theories ..................................................................... 102
    5.2.2 Ego Development Theories .................................................................................. 103
    5.2.3 Positive Psychology and Human Potential Theories .............................................. 105
    5.2.4 Transpersonal Psychology ..................................................................................... 105
5.3 Postformal Reasoning in Adult Developmental Psychology ....................................... 106
5.3.1 Terminology Issues ........................................ 106
5.3.2 Key Researchers and their Approaches .......... 108
5.3.3 Postformal Reasoning Qualities ...................... 110
5.3.4 Is Postformal Reasoning about Qualities or Stages? ........................................ 110

5.4 Reiterating the Shift from Formal to Postformal Reasoning ....................................... 112

5.5 Postformal Reasoning: Delicate Theorising of Twelve Qualities ........................................ 113
5.5.1 Complexity: Incorporates Paradox and Contradiction ........................................ 113
5.5.2 Creativity: Incorporates Problem-Finding .......... 114
5.5.3 Dialogical Reasoning: Incorporates Dialectics, Relationality ................................ 114
5.5.4 Ecological Reasoning: Incorporates Context, Process, Organicism ......................... 115
5.5.5 Futures Reasoning: Incorporating Foresight, Future Mindedness ............................... 115
5.5.6 Higher Purpose: Incorporating Spirituality, Values Awareness ........................................ 116
5.5.7 Imagination: Incorporating Imaginal Thinking, Mythopoesis .................................. 117
5.5.8 Integration: Incorporating Holism, Unitary Thinking ........................................... 117
5.5.9 Intuitive Wisdom: Incorporating Wisdom, Intuition .............................................. 118
5.5.10 Language Reflexivity: Incorporating Construct-Awareness, Voice, Language ......... 119
5.5.11 Pluralism: Incorporating Non-Absolutism, Relativism ........................................ 119
5.5.12 Reflexivity: Incorporating Self-Reflection, Self-Referential Thought ....................... 120

5.6 Postformal Psychology: In Light of Evolutionary Themes ............................................. 121
5.6.1 Theme 1: Conscious, Compassionate, Spiritual Development .................................... 121
5.6.2 Theme 2: Mobile, Life-Enhancing Thinking ....................................................... 122
5.6.3 Theme 3: Complexification of Thinking and Culture ............................................. 123
5.6.4 Theme 4: Linguistic and Paradigmatic Boundary-Crossing ..................................... 124

5.7 Concluding Remarks ....................................................... 124
References ............................................................... 124
