   Rifat Latifi, John A. Stroster, and Katherine E. Center

6  Planning and Preparing for the Operation: Guidelines and the Evidence-Based Decision Tree ....................................... 41
   Wilson Dario Rodríguez Velandia, Patrizio Petrone,
   Hans Fred García Araque, Soraya SMolero Perez,
   and Corrado Paolo Marini

7  The Decision-Making Process in Sepsis and Septic Shock ...... 59
   Michelle H. Scerbo and Laura J. Moore

8  Intraoperative Endpoints of Resuscitation .............................. 81
   Hans Fred García Araque, Patrizio Petrone,
   Wilson Dario Rodríguez Velandia, and Corrado Paolo Marini

Part II  Difficult Clinical-Based Surgical Decisions

9  Surgical Decision-Making Process and Damage Control:
   Current Principles and Practice ................................................. 95
   Ruben Peralta, Gaby Jabbour, and Rifat Latifi

10 Reoperative Surgery in Acute Setting: When To Go Back? .... 103
    Elizabeth M. Windell and Rifat Latifi
11 Surgical Decision-Making Process and Definitive Abdominal Wall Reconstruction ................................................ 111
   Rifat Latifi, Ruben Peralta, and John A. Stroster
12 Dealing with the Most Difficult Situations in Abdominal Surgery ................................................................. 119
   Rifat Latifi and John A. Stroster
13 Trauma Surgeon Decision-Making: Surviving Outside the Realm of the Evidence Based ........................................ 133
   Samir M. Fakhry
14 Management of the Most Difficult Perioperative and Technical Challenges in Abdominal Transplantation ...... 141
   Chirag S. Desai, Yong Kyong Kwon, Mark R. Laftavi, Vaughn Whittaker, and Rainer W.G. Gruessner
15 Dealing with the Most Difficult Situations: A Point of View from a Surgical Oncologist ........................................ 157
   Alberto R. Ferreres
16 Difficult Decisions in Cardiothoracic Surgery: Acute Cardiogenic Shock .......................................................... 165
   Zachary P. Baker, Jack B. Keenan, and Zain Khalpey
17 Dealing with the Most Difficult Situations in Pediatric Surgery ........................................................................... 177
   Oliver S. Soldes
18 A Surgeon’s Thought Process in the Management of Burn Patients ...................................................................... 183
   Gary A. Vercruysse and Walter L. Ingram
19 Decision-Making in Reconstructive Surgery ........................................................................................................ 197
   Ethan E. Larson, Tolga Türker, and Samuel Skovgaard
20 Decision-Making in Reconstructions for Traumatic Defects in Extremity Surgery ................................................... 213
   Tolga Türker and Ethan E. Larson

Part III Special Issues in Surgical Decision Making

21 The Surgeon’s Burnout: How to Deal with It ................................................. 227
   Bellal Joseph and Tahereh Orouji Jokar
22 The Surgeon’s Response to a Patient’s Death ............................................. 233
   Terence O’Keeffe
23 When Should Surgeons Quit Operating? .................................................... 239
   Stanley J. Dudrick
Part IV  The Final Word

24  Final Thoughts on Surgical Decision-Making ....................... 253
    Rifat Latifi and Fortesa Latifi

Index .............................................................................................................. 257
Surgical Decision Making
Beyond the Evidence Based Surgery
Latifi, R.
