

- 1 A Brief History of Computerized Telescope Mounts for Amateurs..... 1**
  
- 2 A Review of Celestron GoTo Computerized Telescopes..... 7**
  - Fork Mounted Celestron SCTs ..... 7
    - Celestron Compustar..... 7
    - Celestron Ultima 2000..... 8
    - Celestron NexStar GPS..... 10
    - Celestron NexStar SE ..... 10
    - Celestron CPC..... 11
    - Celestron SLT ..... 11
    - Celestron LCM..... 14
    - SkyProdigy..... 14
  - German Mounted Celestron SCTs ..... 15
    - Celestron/Vixen Super Polaris Mount with Sky Sensor ..... 15
    - Celestron CGE ..... 17
    - Celestron AS-GT (CG-5GT)..... 18
    - Celestron CGEM, CGEM DX ..... 20
    - Celestron CGE Pro..... 21
    - Celestron VX ..... 24
  
- 3 Introduction to the Celestron NexStar Evolution and SkyPortal App..... 27**
  - Telescope Optics ..... 28
  - SkyPortal Application..... 31
  - Upgrades to SkyPortal ..... 32

- 4 Basic Operation of the Celestron NexStar Evolution and SkyPortal App** ..... 35
  - Evolution Physical Setup ..... 35
  - Smart Device and WiFi Setup ..... 36
  - SkyPortal, Alignment Options and SkyAlign ..... 37
  - Optional Automatic Alignment Using StarSense Accessory ..... 40
  - Basic GoTo Search Operations ..... 42
  - Searching from the Common Objects List ..... 42
  - Help ..... 73
  
- 5 Basic Operation of the Celestron NexStar Evolution and NexStar+ Hand Control** ..... 75
  - Alignment ..... 76
  - SkyAlign with the NexStar+ HC ..... 78
  - NexStar+ Hand Control Settings ..... 90
  - GoTo Searches ..... 93
  - Utilities ..... 101
  
- 6 Lessons Learned in Using the Celestron NexStar Evolution and SkyPortal** ..... 113
  - Lessons Learned on Using the Celestron NexStar Evolution with SkyPortal ..... 113
  - Trouble Shooting the Evolution/SkyPortal System ..... 115
  - Further Discussion on Cold Weather Operation ..... 118
  - Cold Weather Considerations for the Backyard Astronomer ..... 118
  - WiFi Environment ..... 120
  - NexStar+ Hand Control Reset ..... 120
  - SkyPortal Searches ..... 121
  
- 7 Introduction to the SkyPortal WiFi Module** ..... 123
  - WiFi Access Using the SkyPortal WiFi Module ..... 123
  - Compatibility Information ..... 124
  
- 8 Advanced WiFi Tricks** ..... 127
  
- 9 Accessories for the Celestron NexStar Evolution** ..... 129
  - Observing Accessories ..... 129
  - Astrophotography and Astro-Imaging Accessories ..... 138
  - Eyepieces ..... 146
  - Combination Visual and Astrophotography Accessory ..... 152
  - Auto-Alignment ..... 154

**10 Mounting Other Optical Tubes on the NexStar Evolution Mounts**..... 157  
 Operating the NexStar Evolution Mount with Another OTA:  
 SkyPortal Versus NexStar+ HC ..... 159

**11 Maintenance and Care of the NexStar Evolution Mounts and Electronics** ..... 161  
 General Maintenance and Care..... 161  
 A Discussion on Dealers, Service, Mail Order, and Warranty..... 163  
 SkyPortal Updates..... 163  
 Transporting Advice ..... 163  
 Optics Collimation ..... 164

**Appendix A: Troubleshooting Checklist**..... 165

**Appendix B: Celestron Timeline**..... 167

**Appendix C: Celestron NexStar Evolution Schmidt-Cassegrain Telescope Specifications** ..... 169

**Appendix D: Messier Catalog** ..... 173

**Appendix E: The Caldwell Catalog**..... 179

**Appendix F: Selected Non-Messier Catalog NGC Objects** ..... 183

**Appendix G: The Herschel 400**..... 191

**Appendix H: Current Sky Portal WiFi Module Compatible Celestron Mount Specifications** ..... 207

**Appendix I: Glossary** ..... 211

**Bibliography** ..... 215

**Index**..... 217
