# Contents

<b>Part I What Is the Point of Architecture Evaluation?</b>	
<b>1</b>	<b>Why Architecture Evaluation? . . . . . 3</b>
<b>2</b>	<b>What Is the Background of Architecture? . . . . . 11</b>
<b>3</b>	<b>What Is Architecture Evaluation? . . . . . 21</b>
<b>4</b>	<b>How to Perform an Architecture Evaluation? . . . . . 35</b>
<b>Part II How to Evaluate Architectures Effectively and Efficiently?</b>	
<b>5</b>	<b>How to Perform the Driver Integrity Check (DIC)? . . . . . 49</b>
<b>6</b>	<b>How to Perform the Solution Adequacy Check (SAC)? . . . . . 59</b>
<b>7</b>	<b>How to Perform the Documentation Quality Check (DQC)? . . . . . 73</b>
<b>8</b>	<b>How to Perform the Architecture Compliance Check (ACC)? . . . . . 83</b>
<b>9</b>	<b>How to Perform the Code Quality Check (CQC)? . . . . . 95</b>
<b>Part III How to Apply Architecture Evaluation in Practice?</b>	
<b>10</b>	<b>What Are Example Cases of Architecture Evaluation? . . . . . 107</b>
<b>11</b>	<b>How to Engage Management in Architecture Evaluation? . . . . . 127</b>
<b>12</b>	<b>How to Acquire Architecture Evaluation Skills? . . . . . 137</b>

---

<b>13</b>	<b>How to Start and Institutionalize Architecture Evaluation?</b> . . . . .	141
<b>14</b>	<b>What Are the Key Takeaways of Architecture Evaluation?</b> . . . . .	147
	<b>About Fraunhofer IESE.</b> . . . . .	149
	<b>Bibliography</b> . . . . .	151
