
Contents

1 Health-Care Reform and Its Impact in Medical Reimbursement	1
Luis Ticona	
2 Utilization Management in the Clinical Laboratory: An Introduction and Overview	7
Kent Lewandrowski, Jason Baron, and Anand Dighe	
3 Effective Governance Structure and Management of Utilization Programs.....	31
Jeffrey S. Warren	
4 Informatics, Analytics, and Decision Support in Utilization Management	39
Jason Baron	
5 Utilization Management Employing Test Interpretations and Algorithms.....	53
Elizabeth M. Van Cott	
6 Calculating Costs and Savings in Utilization Management	61
Patrick M. Sluss	
7 Benchmarking and Management Metrics in Utilization Management	75
Ida Bixho and Stacy E.F. Melanson	
8 Laboratory Formularies.....	83
Petr Jarolim	
9 Utilization and Other Resource Management in Clinical Chemistry	89
Alan H.B. Wu	
10 Utilization Management in the Routine Hematology Laboratory	95
Joseph Rudolf and Kent Lewandrowski	
11 Patient Blood Management.....	105
Cyril Jacquot and Evan M. Bloch	
12 Utilization Management of Blood Derivatives.....	135
Stephan Kadauke	
13 Utilization Management in the Clinical Microbiology Laboratory.....	141
Kent Lewandrowski, Eric S. Rosenberg, and John A. Branda	
14 Utilization Management in a Large Community Hospital.....	151
Frederick L. Kiechle and Rodney C. Arcenas	
15 Utilization Management: The Role of Reference Laboratories.....	171
Brian Jackson	
16 Utilization Management in Anatomic Pathology	177
Kent Lewandrowski	

17 Utilization Analysis in Hematopathology	189
Annette S. Kim, Claudio A. Mosse, Aaron C. Shaver, and Adam C. Seegmiller	
18 Laboratory Utilization	203
Daniel Dante Yeh	
19 Test Utilization: Controlling Costs in Reference Laboratory Testing	211
Valerie L. Ng	
20 Utilization Management of Genetic Testing	219
Jane A. Dickerson, Jessie H. Conta, and Christina M. Lockwood	
21 The Use of Physician Profiling and Prior Approval (Gatekeeping) in Utilization Management in the Clinical Laboratory	235
Kent Lewandrowski and Jason Baron	
22 Test Utilization: The Essential Role of the Clinical Consultant	247
Elizabeth Stewart and Valerie L. Ng	
23 The Role of the Genetic Counselor in Utilization Management of Genetic Testing	261
Kelly Branda	
24 Utilization Management in Radiology	267
Garry Choy and Alexander Ryu	
25 Strategies for the Clinical and Financial Management of Drug Utilization	273
Christopher Fortier, Prabashni Reddy, Nathan Thompson, and Andy Pulvemacher	
26 Laboratory Utilization Management in Canada	279
Christopher Naugler	
27 Utilization Management Initiatives That Can Be Imported into Healthcare Systems	287
Patrick M. Sluss	
Index	291
