1. The Concept of Cultural Character in Public Housing Design  
1.1 General Idea About the Book  
1.2 Purpose and Coverage of the Research  
1.3 Civilisation and the Indigenous Culture Demands in Space Uses  
1.4 Public Housing Concept in Nigeria, Conflict in User and Providers’ Views  
1.4.1 Cultural Context of Northern Part of Nigeria  
1.4.2 Seeking to Regulate Indiscriminate Housing Transformation  
1.4.3 Culture Attributes Are Desired by Public Housing Users in Design  
1.5 Summary  
References  

2. The Dimension of Public Housing in Nigeria  
2.1 Introduction  
2.2 Optimising User Activity–Space Relations Through Control Levels  
2.3 Historical Outlook of the Environmental Setting  
2.4 Impact of Language Distribution in Nigerian Regional Relations  
2.5 Public Housing Situation in Nigeria  
2.6 Urban Migrants and Housing Impulse in Nigeria  
2.7 Persistent Dissatisfaction of Public Housing Residents with Provisions  
2.8 Summary  
References  

xiii
3 Culture as an Integral Phenomenon in Housing Space

3.1 Introduction .................................................. 27
3.2 Culture and Cocreation of Human Spaces ...................... 28
3.3 Spatial Morphological Tendencies in Public Housings ............ 29
3.4 Adaptation of Culture in Urban Building Configuration .......... 30
3.5 Housing Transformation in Culture-Sensitive Societies ........... 30
3.6 Outline of Transformation Threshold Essentials .................. 31
   3.6.1 Sustainable Housing Transformation and Sustainable Technologies .......... 31
   3.6.2 Transformation as a Cultural Desire of Habitation ............. 33
   3.6.3 Shortfall of Transformation Coverage by Building Regulations .......... 33
3.7 Public Housing Transformation ................................... 34
3.8 Reflecting Culture and Housing Theories in Housing Transformation .................................................. 35
   3.8.1 Etic and Emic Theory of Cross-Cultural Research ............. 35
   3.8.2 Man–Environment Relation (MER) Design Theory .......... 36
   3.8.3 Explanatory Theory of Environment–Behaviour Relation (EBR) .......... 36
   3.8.4 User-Centred Theory (UCT) .................................. 37
   3.8.5 Evidence-Based Design (EBD) .................................. 37
3.9 Summary .............................................................. 38

References ................................................................. 39

4 Search for Cultural Attributes Appropriate for Design Ideals ....... 41
4.1 Connecting with Users’ Experience .................................. 41
4.2 Characterising Users’ Perception ..................................... 42
4.3 Ethnography: The Search for Cultural Determinants and Patterns .................................................. 42
   4.3.1 Hausa Ethnic Group ............................................... 42
   4.3.2 Fulani Ethnic Group ............................................... 43
