# Organized Crime Group Detection

## 4.1 Background

Community Detection in Social Networks

## 4.2 Concepts and Definitions

Problem Definition

## 4.3 Proposed Approach

Organized Crime Group Detection

Organized Crime Group Evolution Model

## 4.4 Experiments and Results

Offender Groups Characteristics

Organized Crime Groups

## 4.5 Conclusions

References

---

# Suspects Investigation

## 5.1 Background

## 5.2 Problem Definition

## 5.3 CRIMEWALKER

A Single Random Walk in CRIMEWALKER

CRIMEWALKER for a Set of Offenders

Similarity Measure for Offenders

Feature Weights Computation

## 5.4 Experiments and Results

Experimental Design

Comparison Partners

## 5.5 Conclusions

References

---

# Co-offence Prediction

## 6.1 Background

Crime Prediction

Link Prediction

## 6.2 Concepts and Definitions

Notations

Offenders’ Activity Space

Geographic and Network Proximity

## 6.3 Supervised Learning for Co-Offence Prediction

Criminal Cooperation Opportunities

Reducing Class Imbalance Ratio

## 6.4 Prediction Features

Social Features

Geographic Features

Geo-Social Features

Similarity Features
