# Contents

## Mobile Web - Practice and Experience

An Android Kernel Extension to Save Energy Resources Without Impacting User Experience ........................................... 3

*Luis Corral, Ilenia Fronza, Nabil El Ioini, Andrea Janes,* and *Peter Plant*

Mobile Soundscape Mixer – Ready for Action ........................................... 18

*Kari Salo, Merja Bauters, and Tommi Mikkonen*

Onde Chiare: A Mobile Application to Mitigate the Risk Perception from Electromagnetic Fields ........................................... 31

*Katiuscia Mannaro and Marco Ortu*

Ringtone Adaptation Based on Location and Surrounding Noise ............... 43

*Petr Mervart, Jan Dvorak, and Ondrej Krejcar*

Loop Speed Trap Data Collection Method for an Accurate Short-Term Traffic Flow Forecasting ........................................... 56

*Sahraoui Abdelatif, Derdour Makhlof, Philippe Roose,* and *Djamel Bechtache*

## Advanced Web and Mobile Systems

Computational Thinking Through Mobile Programming:
A Case Study in a Liberal Education Context ........................................... 67

*Ilenia Fronza, Nabil El Ioini, and Luis Corral*

Realistic Offloading Scheme for Mobile Cloud Computing ....................... 81

*Hamid Jadad, Abderezak Touzene, Nasser Alzeidi, Khaled Day,* and *Bassel Arafeh*

Model Driven Development Approaches for Mobile Applications:
A Survey ............................................................................. 93

*Eric Umuhoza and Marco Brambilla*

Fuzzy Ontology Based Model for Image Retrieval .................................... 108

*Madiha Liaqat, Sharifullah Khan,* and *Muhammad Majid*

Face-Based Difficulty Adjustment for the Game Five in a Row ................. 121

*Jan Novotny, Jan Dvorak, and Ondrej Krejcar*
Security of Mobile Applications

Adaptive Trust Scenarios for Mobile Security .......................... 137
Şerif Bahtiyar, Orhan Ermiş, and Mehmet Ufuk Çağlayan

Access Control Approach in Development of Mobile Applications .......... 149
Aneta Poniszewska-Maranda and Aneta Majchrzycka

Using Mobile Technology in National Identity Registration ............... 163
Thanh van Do, Clark Swafford, Loc H. Khuong, Van Thuan Do, and Boning Feng

Van Thuan Do, Paal Engelstad, Boning Feng, and Thanh van Do

Secured Authentication Using Anonymity and Password-Based Key Derivation Function ................................................. 184
Mohd Izuan Mohd Saad, Kamarularifin Abd Jalil, and Mazani Manaf

Mobile and Wireless Networking

Optimal Resource Allocation for Non-Real Time Visible Light Communication Networks ......................................................... 201
Fabián Seguel, Pablo Adasme, Ismael Soto, and Belarmino Núñez

On Information Sharing Scheme for Automatic Evacuation Guiding System Using Evacuees’ Mobile Nodes ....................................... 213
Nobuhisa Komatsu, Masahiro Sasabe, and Shoji Kasahara

Cognitive Downlink Interference LTE Femtocell .................................. 222
Nahla NurElmadina, Ibtehal Nafea, and Nuha Bihary

Correlation Properties of QOCCC Based on 1D-CCC with Parameters (N, N, 2N) and (N, N, N) .................................................. 232
Monika Dávideková and Michal Greguš ml.

Heterogeneous Traffic Modeling and Analysis for Wireless Sensor Networks ................................................................. 246
Hamida Qumber Ali and Sayeed Ghani

Duco - Hybrid Indoor Navigation .................................................. 256
Can Surmeli and Tacha Serif

Mobile Applications and Wearable Devices

Persuasive Cities for Sustainable Wellbeing: Quantified Communities ...... 271
Agnis Stibe and Kent Larson
H-Plane: Intelligent Data Management for Mobile Healthcare Applications... 283
Rahul Krishnan Pathinarupothi, Bithin Alangot,
Maneesha Vinodini Ramesh, Krishnashree Achuthan,
and P. Venkat Rangan

Mobile Health Devices for Aging Population Groups: A Review Study . . . . 295
Blanka Klimova

Sensors in Your Clothes: Design and Development of a Prototype ............ 302
Kristine Lorentzen, Tor-Morten Grønnli, Gheorghita Ghinea,
Muhammad Younas, and Manoranjan Satpathy

Utilizing Multiple Interaction Styles to Collect Installed Base Information
Using Wearable and Mobile Devices . . . . . . . . . . . . . . . . . . . . . . . . . . . 313
Markus Aleksy and Nicolaie Fantana

Mobile Web and Applications

Shopping Furniture and Appliances Using FAV Mobile Application . . . . 323
Samia Loucif, Dena Ahmed, Reem Salem, and Nasra Ali

A Measurement Tool to Track Drones Battery Consumption During Flights . . 334
Luis Corral, Ilenia Fronza, Nabil El Ioini, and Aristea Ibershimi

Speed Up Native Mobile Form Development ........................................... 345
Armin Engesser, Mike Groezinger, and Ralf Schimkat

Location Based Services Used in Smart Electronic Wallet Mobile
Application ................................................................................................. 353
Jan Kozlovsky, Jan Dvorak, and Ondrej Krejcar

Smart Automatic Control of GSM Alarm ................................................... 363
Lukas Veselka, Jan Dvorak, and Ondrej Krejcar

Personalization and Social Networks

Impact of Individual Differences on the Use of Mobile Phones
and Applications ...................................................................................... 379
Perin Ünal, Tuğba Taşkaya Temizel, and P. Erhan Eren

Smart Solution in Social Relationships Graphs ........................................ 393
Ales Berger and Filip Maly

A Context-Based Personalization for Mobile Applications’ Network Access . . 406
Yaser Mowafi, Tareq Alaqrabe, and Rami Alazrai
Group Assist Recommendation Model Based on Intelligent Mobile Terminals—GARMIT ................................................................. 416
   Lansheng Han, Changhua Sun, Mengxiao Qian, Shuxia Han, and Hamza Kwisaba

A Smart Arduino Alarm Clock Based on NREM and REM Sleep Stage Detection ................................................................. 431
   Adam Drabek, Ondrej Krejcar, and Kamil Kuca

Author Index ........................................................................................................................................................................... 443
Mobile Web and Intelligent Information Systems
13th International Conference, MobiWIS 2016, Vienna, Austria, August 22-24, 2016, Proceedings
Younas, M.; Awan, I.; Krywinska, N.; Strauss, C.; Do, T. van (Eds.)
2016, XIV, 444 p. 147 illus., Softcover
ISBN: 978-3-319-44214-3
