Contents

Part I  Pre-collapse: Treatment of Early Stage Osteonecrosis

1  Osteonecrosis and Thrombophilia: Pathophysiology, Diagnosis, and Treatment .......... 3
   Charles J. Glueck, Ping Wang, and Richard A. Freiberg

2  Bisphosphonates ................................................................. 19
   Hamed Vahedi and Javad Parvizi

3  Successful Decompression with Multiple Percutaneous Drilling ................................. 27
   Todd P. Pierce, Julio J. Jauregui, Jeffrey J. Cherian, Randa K. Elmallah, and Michael A. Mont

4  Simultaneous Cell Therapy Preserving Surgery and Contralateral Arthroplasty for Bilateral Hip Osteonecrosis ......................................................... 33
   Philippe Hernigou, Arnaud Dubory, Damien Potage, and Charles Henri Flouzat Lachaniette

5  Bilateral Osteonecrosis Associated with Corticosteroid Treatment: Stem Cell Therapy Versus Core Decompression in the Same Patient ......................... 43
   Philippe Hernigou, Arnaud Dubory, Damien Potage, and Charles Henri Flouzat Lachaniette
6 Minimally Invasive Core Decompression Augmented with Concentrated Autologous Mesenchymal Stem Cells
Matthew T. Houdek

7 Core Decompression and Bone Marrow Stem Cell Injection
Hamed Vahedi and Javad Parvizi

8 Osteonecrosis of the Femoral Head
William C. Pannell and Jay R. Lieberman

9 Bilateral Hip Decompression Using X-REAM® and PRO-DENSE®
Eric M. Greber, Paul K. Edwards, and C. Lowry Barnes

10 Surgical Dislocation and Osteochondral Autograft Transfer System (OATS) as Salvage of Failed Core Decompression Complicated by Femoral Head Penetration
Cody C. Wyles and Rafael J. Sierra

Part II Late Pre-Collapse or Post-Collapse: Head Preserving

11 Nonvascularized Bone Grafting
Todd P. Pierce, Julio J. Jauregui, Jeffrey J. Cherian, Randa K. Elmallah, and Michael A. Mont

12 Bilateral Nonvascularized Bone Grafting
Todd P. Pierce, Julio J. Jauregui, Jeffrey J. Cherian, Randa K. Elmallah, and Michael A. Mont

13 Femoral Head Decompression Using the X-REAM® Followed by Autologous Tibial Cancellous Bone Impaction
Stefan B. Keizer and Rob G. H. H. Nelissen
