Forewords to “The Colorado Mathematical Olympiad, The Third Decade and Further Explorations: From the Mountains of Colorado to the Peaks of Mathematics”. vii
  Foreword by Branko Grünbaum. vii
  Foreword by Peter D. Johnson, Jr. ix

The 2011 Forewords for “The Colorado Mathematical Olympiad and Further Explorations: From the Mountains of Colorado to the Peaks of Mathematics”. xiii
  Foreword by Branko Grünbaum. xiii
  Foreword by Peter D. Johnson, Jr. xv
  Foreword by Cecil Rousseau. xvii

The 1994 Forewords for “Colorado Mathematical Olympiad: The First 10 Years and Further Explorations”. xxi
  Foreword by Philip L. Engel. xxi
  Foreword by Paul Erdős. xxiii
  Foreword by Martin Gardner. xxv
  Foreword by Branko Grünbaum. xxvii
  Foreword by Cecil Rousseau. xxix

xxxii
### Twenty-First Colorado Mathematical Olympiad

**April 16, 2004**

- Historical Notes 21
- Problems 21
- Solutions 21

### Twenty-Second Colorado Mathematical Olympiad

**April 22, 2005**

- Historical Notes 22
- Problems 22
- Solutions 22

### Twenty-Third Colorado Mathematical Olympiad

**April 21, 2006**

- Historical Notes 23
- Problems 23
- Solutions 23

### Twenty-Fourth Colorado Mathematical Olympiad

**April 20, 2007**

- Historical Notes 24
- Problems 24
- Solutions 24

### Twenty-Fifth Colorado Mathematical Olympiad

**April 18, 2008**

- Historical Notes 25
- Problems 25
- Solutions 25
Contents

Twenty-Sixth Colorado Mathematical Olympiad

April 17, 2009 .................................................. 85
  Historical Notes 26 ........................................ 85
  Problems 26 ................................................ 93
  Solutions 26 ............................................... 93

Twenty-Seventh Colorado Mathematical Olympiad

April 23, 2010 .................................................. 97
  Historical Notes 27 ........................................ 97
  Problems 27 ................................................. 103
  Solutions 27 ................................................. 104

Twenty-Eighth Colorado Mathematical Olympiad

April 22, 2011 .................................................. 111
  Historical Notes 28 ........................................ 111
  Is Mathematics an Art? ................................... 115
  Problems 28 ................................................. 117
  Solutions 28 ................................................. 117

Twenty-Ninth Colorado Mathematical Olympiad

April 20, 2012 .................................................. 123
  Historical Notes 29 ........................................ 123
  Problems 29 ................................................. 127
  Solutions 29 ................................................. 128

Thirtieth Colorado Mathematical Olympiad

April 26, 2013 .................................................. 135
  Historical Notes 30 ........................................ 135
  Problems 30 ................................................. 143
  Solutions 30 ................................................. 144

A Round Table Discussion of the Olympiad, or Looking Back from a 30-Year Perspective .............. 153
**Part II. Further Explorations of the Third Decade**

<table>
