Contents

Part I Ovarian Function

1 Ovarian Endocrinology ............................................. 3
   Seido Takae and Nao Suzuki

2 Follicular Development and Oocyte Growth ................. 37
   Han Li and Ri-Cheng Chian

3 A New Understanding on the Regulation of Oocyte Meiotic
   Prophase Arrest and Resumption ................................. 59
   Meijia Zhang

4 Mitochondria of the Oocyte ..................................... 75
   Yoshiharu Morimoto, Shu Hashimoto, Takayuki Yamochi,
   Hiroya Goto, Ami Amo, Masaya Yamanaka
   and Masayasu Inoue

Part II Natural Cycle IVF and Stimulated Cycle IVF

5 Natural Cycle IVF: Summary of the Current Literature ...... 95
   Sabine Roesner and Thomas Strowitzki

6 Follicular Fluid Hormone Profiles in Natural Cycle IVF
   Patients During Follicular Phase ................................. 105
   N. Ellissa Baskind and Vinay Sharma

7 Standard Ovarian Stimulation Protocols
   and Their Outcomes ............................................. 129
   Suchada Mongkolchaipak

8 Which Women Are Suitable for Natural and Modified
   Natural Cycle IVF? .................................................. 147
   A.K. Datta, B. Deval, S. Campbell and G. Nargund

9 Natural Cycle IVF with Spontaneous LH Surge ............. 157
   Daniel Bodri

10 Risk Factors and Preventive Measures of Ovarian
    Hyperstimulation Syndrome ................................. 175
    Byung-Chul Jee

11 Prevention and Management of OHSS ........................... 185
    Meera Sridhar Shah and Jack Y.J. Huang
Part III  Minimal or Mild Stimulation for IVF

12 Minimal or Mild Ovarian Stimulation
   for IVF: Overview ........................................... 195
   A.K. Datta, S. Campbell and G. Nargund

13 Cumulative Pregnancy Rates After Six Cycles of Modified
   Natural Cycle IVF ........................................... 211
   M.J. Pelinck, A.E.P. Cantineau and J. van Echten-Arends

14 Minimal Stimulation for IVF with Clomiphene Citrate .... 227
   Keiichi Kato

15 Mild Stimulation Protocols: Combination of Clomiphene
   Citrate and Recombinant FSH or HMG .................... 237
   Jiayin Liu and Wei Wu

16 Mild Stimulation Protocol for Poor Ovarian Responders
   Undergoing IVF ............................................. 249
   Alberto Revelli, Simona Casano and Chiara Benedetto

17 The Application of Mild Stimulated Cycle IVF in Primary
   Ovarian Insufficiency ..................................... 257
   Jie Wu

18 Mild Stimulation Protocols for Oncofertility Patients .... 261
   William L. Ledger, Nur Atiqah Hairudin
   and Chan Soke Yee Sara

19 Minimally Invasive IVF as an Alternative Treatment
   of Option for Infertility Couples: (INVO) Procedure .... 267
   Elkin Lucena and Harold Moreno-Ortiz

20 Accessible Infertility Care: From Dream to Reality ...... 281
   Willem Ombelet

21 Genetic Aspect of Recurrent Implantation Failure ......... 297
   Grace Wing Shan Kong, Jin Huang and Tin Chiu Li

Part IV  Development of In Vitro Maturation

22 IVM as Clinical Treatment: Overview ...................... 309
   Ri-Cheng Chian

23 Avoidance of Severe Ovarian Hyperstimulation
   with IVM Treatment ........................................ 317
   Bruce I. Rose

24 Immature Oocyte Retrieval for IVM Treatment .......... 329
   Aisaku Fukuda

25 Laboratory Aspect of IVM Treatment ....................... 337
   Ri-Cheng Chian and Zhi-Yong Yang
