

Contents

1	Climate Change Adaptation in North America: A Short Review of Priorities	1
	Walter Leal Filho	
Part I Climate Adaptation Management in Rural and Urban Areas		
2	Community Deliberation to Build Local Capacity for Climate Change Adaptation: The Rural Climate Dialogues Program	9
	C. Daniel Myers, Tara Ritter and Andrew Rockway	
3	A Participatory Process to Design Climate Change Adaptation Measures for the Carmen-Pajonal-Machona Lagoon System in Mexico	27
	Valentina Giannini, Emiliano Ramieri, Margarita Caso Chávez, Karina Santos del Prado Gasca and Karla Priego Martínez	
4	Experimentalist Regional Governance for Climate Change Adaptation: A Canadian Case Study	51
	Nicole Klenk, Dragos Flueraru and James Ian MacLellan	
5	The Participative Action Research Approach to Climate Change Adaptation in Atlantic Canadian Coastal Communities	67
	Omer Chouinard, Steve Plante, Sebastian Weissenberger, Mélinda Noblet and Julie Guillemot	
6	Recent Harm, Problematic Impacts, and Socially Feasible Adaptation Options to Heatwaves and Heavy Rain Events in New York City	89
	Diana Reckien	

Part II Climate Change and the Built Environment

- 7 A Critical Discussion on the Roles of Institutions on Ports' Adaptation to the Impacts Posed by Climate Change** 105
Huiying Zhang, Adolf K.Y. Ng and Austin Becker
- 8 Beyond Restoration: Planting Coastal Infrastructure** 119
Rosetta S. Elkin
- 9 COREDAR for Cities: Developing a Capacity Building Tool for Sea-Level Rise Risk Communication and Urban Community-Based Adaptation** 137
A. Saleem Khan

Part III Conflicts and Synergies: Adaptation, Resilience and Multi-hazard Mitigation

- 10 A Region Under Threat? Climate Change Impacts, Institutional Change and Response of Local Communities in Coastal Yucatán** 161
Lysann Schneider and Tobias Haller
- 11 Designing for Future Uncertainties: Comparative Studies of Two Adaptive Strategies in Urban Design in New York and Sweden** 177
Sander Schuur
- 12 Designing with Risk: Balancing Global Risk and Project Risks** . . . 193
Matthijs Bouw
- 13 Coping with Higher Sea Levels and Increased Coastal Flooding in New York City** 209
Vivien Gornitz, Radley Horton, Daniel A. Bader, Philip Orton and Cynthia Rosenzweig
- 14 Building an Adaptation Tool for Visualizing the Coastal Impacts of Climate Change on Prince Edward Island, Canada** 225
Adam Fenech, Alex Chen, Andrew Clark and Nick Hedley

Part IV Information, Communication, Education and Training on Climate Change

- 15 Effective Public Service Communication Networks for Climate Change Adaptation** 241
Rae Zimmerman

16 Speaking Out or Staying Quiet on Climate Change: Broadcast Meteorologists Influenced by the Need to Be Pithy, Popular and Politically Cautious 261
 Helen Meldrum, David Szymanski, Eric A. Oches and P. Thompson Davis

Part V Climate Change, Planning and Health and Examples from Other Regions

17 Urban Planning to Prevent Mosquito-Borne Diseases in the Caribbean 281
 Derek W. Willis

18 Mental Health Impacts of Droughts: Lessons for the U.S. from Australia. 289
 Elisaveta P. Petkova, Anne S. Celovsky, Wei-Yann Tsai and David P. Eisenman

19 Linking Science and Policy on Climate Change: The Case of Coquimbo Region, Chile. 305
 Sonia Salas, Angelo Araya and Andrés Bodini

20 Selection Support Framework Fostering Resilience Based on Neighbourhood Typologies 321
 Laura Kleerekoper, Jeroen Kluck and Andy van den Dobbelen

Part VI Final Considerations

21 A Cross-Disciplinary Perspective on the Factors Shaping North American Adaptation Research. 339
 Jesse M. Keenan

Erratum to: A Region Under Threat? Climate Change Impacts, Institutional Change and Response of Local Communities in Coastal Yucatán. E1
 Lysann Schneider and Tobias Haller
