3 Diagnostic Feedback and Treatment Plan
Who Gives the Feedback? 15
How to Give the Feedback to the Parents 16
Feedback on the Diagnosis 16
Feedback to the Child 22
Feedback on the Diagnosis 22
Combined Parent and Child Feedback Summary 26
Short- and Long-Term Implications of Diagnosis
and Feedback Techniques 26

4 Short-Term Treatment
Overview of the Treatment of PNES 27
Short-Term Treatment Goal 1: Psychoeducation About PNES 28
Psychoeducation for the Parents 29
Psychoeducation for the Child 31
Psychoeducation for the Child’s Clinicians 32
Psychoeducation for the School Staff 32
Short-Term Treatment Goal 2: Development of Rapport 33
Techniques for Building Rapport with the Parents 33
Techniques for Building Rapport with the Child 35
Resistance to Treatment 35
Short-Term Treatment Goal 3: PNES Symptom Control 38
Behavioral Management of PNES: The Parents’ Role 38
Behavioral Management of PNES: The Child 39
Short-Term Treatment Goal 4: Reestablishment
of Regular Life Routines 41
Recommendations for the Parents 42
Recommendations for the Child 42
Recommendations for the School Staff 43
Recommendations for Pediatric Epileptologist/Neurologist,
Primary Care Provider, and Psychiatrist 44
Short-Term Treatment Goal 5: Comorbid Psychopathology 46
Short-Term Treatment Settings 46
Outpatient Mental Health Clinic 46
Inpatient Psychiatric Treatment 46
Partial Psychiatric Hospitalization 47
Medical Rehabilitation 47
Reference 48

5 Long-Term Treatment 49
Child Long-Term Treatment Goal 1: Recognize,
Monitor, and Verbalize Emotions 50
Probe for and Acknowledge Child’s Expression of Emotions 51
Identify and Monitor Emotions 51
Attend to the Child’s Nonverbal and Verbal Cues of Discomfort 52
Model Expression of Negative Emotions 53
Connect Emotions with Body Awareness .......................... 53
Dialogue: How to Probe for and Help Child Express Negative Emotions .................................................. 54
Dialogue: How to Not Probe for and Help Child Express Negative Emotions ............................................. 58
Summary: Checklist of Techniques .................................. 62

6 Child Long-Term Treatment Goal 2: Identify Stressors ........ 63
How to Help the Child Identify Stressors .......................... 63
  Mapping Potential Stressors ....................................... 64
  Storytelling .......................................................... 64
  Revisit ................................................................. 64
  Provide Positive Feedback and Empathize ...................... 65
  Bridge to Coping and Problem-Solving ......................... 65
Dialogue: How to Identify Stressors ............................... 65
Dialogue: Unsuccessful Identification of Stressors .............. 71
Summary ............................................................... 77

7 Child Long-Term Treatment Goal 3: Verbalize Emotions Associated with Stressors ................................. 79
Suggested Techniques ................................................ 79
Dialogue: How Not to Probe for Stress-Related Emotions .... 80
Dialogue: How to Probe for Stress-Related Emotions ........... 83
Summary ............................................................... 90

8 Child Long-Term Treatment Goal 4: Connect Negative Emotions with NES Symptoms ......................... 91
Suggested Techniques ................................................ 91
  Link Between Bodily Sensations and Emotions ................. 91
  What Is Your Body Telling You? .................................. 92
  Story Game .......................................................... 92
  The Exploding Balloon Phenomenon .............................. 92
  After Understanding the Link Between NES and Emotions ... 92
Dialogue: How to Connect Among Stressors, Negative Emotions, and Episodes ....................................... 92
Dialogue: How Not to Connect Stressors, Negative Emotions, and Episodes .............................................. 92
Summary ............................................................... 100

9 Child Long-Term Treatment Goal 5: Problem-Solve .......... 107
The Challenge of Problem-Solving ................................. 107
Techniques That Encourage Problem-Solving .................... 108
  What to Do with Repeated “Nothing Works” Child Responses? ..... 108
  Resistance ............................................................ 108
  Can Parents, Friends, Teacher, You, or Others Help? .......... 109
Dialogue: Problem-Solving Approaches .......................... 109
Summary ............................................................... 114
10 Working with the Parents

Parent Goal 1: Revisit How Parents Manage Their Distress During Child’s NES Episodes

Parent’s Fears

The Child’s Distress

The Child’s Other Physical Symptoms and Their Association with Stress

Relaxation

The Importance of Minimal Attention

Support the Parents When Setbacks Occur

Summary

11 Parent Goal 2: Understand and Facilitate Family Communication

Recommended Techniques

Differences in Perception

Joint Sessions

Dialogue: Button Pushing

Summary

12 Parent Goal 3: Recognize the Child’s Stressors

How to Help the Parents Recognize the Child’s Stressors

How to Identify the Child’s Stressors

Proactively Manage New and Unexpected Stressors

Dialogue: How to Help Parents Recognize the Child’s Stressors

Summary

13 Parent Goal 4: Identify Family Stressors

Why Is It So Challenging?

How to Achieve This Goal

Work Slowly

Who Should Be in the Sessions?

Parent’s Problem-Solving Strategies

Practice Good Communication

Dialogue: How to Help Parents and Child Identify a Family Stressor

Summary

14 Parent Goal 5: Help Child Problem-Solve

Problem-Solving Techniques

Conducive Ambience

How to Help the Child Problem-Solve

How to Address Parent-Child Problems

Parents Should Advocate for Their Child

Consistent Parent Behavior

Work on Family-Related Problems
