Preface

In response to the call for papers, 199 papers were submitted to the conference. These papers were evaluated on the basis of their significance, novelty, and technical quality. Each paper was assigned to at least four members of the Program Committee. The Program Committee meeting was held electronically, with intensive discussion over a period of two weeks. Of the papers submitted, 38 were selected for presentation at the conference.

A conference like this does not just happen; it depends on the volunteer efforts of a host of individuals. There is a long list of people who volunteered their time and energy to put together the conference and who deserve acknowledgment. Thanks to all the members of the Program Committee, and the external reviewers, for all their hard work in the paper evaluation. We are very grateful to everyone who gave their assistance and ensured a smooth organization process: Sara Foresti, Luigi V. Mancini (General Chairs); Giovanni Livraga (Publicity Chair); Adriana Lazzaroni (Local Organizing Chair); Patrizia Andronico, Raffaella Casarosa, and Giulia Severino (Local Organizing Secretariat). A special thanks goes to the keynote speakers who accepted our invitation to deliver keynote talks at the conference. We are also sincerely grateful to our sponsor, NECS.

Last but certainly not least, thanks to all the authors who submitted papers and all the conference’s attendees. We hope you find the proceedings of IFIP SEC 2017 interesting, stimulating, and inspiring for your future research.
