Contents

Meal-Assistance Robot Operated by Head Movement ............................... 1
Hiromasa Tomimoto, Shingo Aramaki, Shota Nakashima, Shenling Mu,
Kazuo Haruyama and Kanya Tanaka

Decision Tree Analysis in Game Informatics ................................. 13
Masato Konishi, Seiya Okubo, Tetsuro Nishino and Mitsuo Wakatsuki

Binary Blockchain: Solving the Mining Congestion Problem by
Dynamically Adjusting the Mining Capacity ......................... 29
Yoohwan Kim and Juyeon Jo

An Efficient Signature Scheme for Anonymous Credentials ............ 51
Chien-Nan Wu, Chun-I Fan, Jheng-Jia Huang, Yi-Fan Tseng
and Hiroaki Kikuchi

Improve Example-Based Machine Translation Quality for Low-
Resource Language Using Ontology ........................................ 67
Khan Md Anwarus Salam, Setsuo Yamada and Nishio Tetsuro

A Fast Area Labeling Method Using Auxiliary Lines .................. 91
Noboru Abe, Kohei Kuroda, Yosuke Kamata and Shogo Midoritani

Heuristic Test Case Generation Technique Using Extended Place/
Transition Nets ................................................................. 103
Tomohiko Takagi, Akinori Akagi and Tetsuro Katayama

Risk Assessment of Security Requirements of Banking Information
Systems Based on Attack Patterns ........................................... 117
Krissada Rongrat and Twittie Senivongse

mCITYPASS: Privacy-Preserving Secure Access to Federated
Touristic Services with Mobile Devices ................................. 135
Macìà Mut-Puigserver, M. Magdalena Payeras-Capellà,
Jordi Castellà-Roca and Llorenç Huguet-Rotger
Heuristic-Based Usability Evaluation Tool for Android Applications
Kwandee Phetcharakarn and Twittie Senivongse ................................................. 161

Automated Essay Scoring System Based on Rubric
Megumi Yamamoto, Nobuo Umemura and Hiroyuki Kawano .............................. 177

Mobile Development Tools and Method Integration
Mechelle Grace Zaragoza, Roger Y. Lee and Haeng-Kon Kim ............................. 191

Author Index ........................................................................................................... 203
