Table of Contents

Invited Paper

Canonical Abstract Prototypes for Abstract Visual and Interaction Design ........................................................... 1
*L.L. Constantine*

Test and Evaluation

Designing and Evaluating Interaction as Conversation: A Modeling Language Based on Semiotic Engineering ................. 16
*S.D.J. Barbosa and M.G. de Paula*

Applying Extended Finite State Machines in Software Testing of Interactive Systems ............................................. 34
*M. Fantinato and M. Jino*

An Empirical Study of Personal Document Spaces ...................... 46
*D.J. Gonçalves and J.A. Jorge*

Web & Groupware

StateWebCharts: A Formal Description Technique Dedicated to Navigation Modelling of Web Applications ...................... 61
*M. Winckler and P. Palanque*

Identification of Web Usability Problems and Interaction Patterns with the RealEYES-iAnalyzer ................................. 77
*K. Oertel and O. Hein*

Workspaces: A Multi-level Architectural Style for Synchronous Groupware .............................................................. 92
*W.G. Phillips and T.C.N. Graham*

Tools and Technologies

Functionally Modeled User Interfaces ........................................ 107
*A. Courtney*

Architectures for Widget-Level Plasticity ................................. 124
*B. Jabarin and T.C.N. Graham*

Specification-Based Testing of User Interfaces .......................... 139
*A.C.R. Pava, J.C.P. Faria, and R.F.A.M. Vidal*
Table of Contents

Calligraphic Interfaces: Mixed Metaphors for Design .......................... 154
J.P. Pereira, J.A. Jorge, V.A. Brunco, and F.N. Ferreira

Task Modeling

Using Task Knowledge to Guide Interactor Specifications Analysis ...... 171
J.C. Campos

Higher-Order Task Models .................................................. 187
A. Dittmar and P. Forbrig

Derivation of a Dialog Model from a Task Model by Activity Chain
Extraction ................................................................. 203
K. Lugten, T. Clerckx, K. Coninx, and J. Vanderdonckt

Describing Just-UI Concepts Using a Task Notation ....................... 218
P.J. Molina, J. Belenguer, and Ó. Pastor

Model-Based Design

Model-Based Design of Speech Interfaces ............................. 231
S. Berti and F. Paternò

Model-Based Design of Adaptive User Interfaces through Connectors .... 245
V. López-Jaquero, F. Montero, J.P. Molina, A. Fernández-Caballero,
and P. González

Model-Based Electronic Performance Support .......................... 258
C. Stary and S. Stoiber

Mobile and Multiple Devices

Improving User Interface Usability Using Mobile Agents ................. 273
N. Mitrović and E. Mena

Reasoning about Dynamic Information Displays .......................... 288
J.C. Campos and G.J. Doherty

Bridging the Gap: Developing 2D and 3D User Interfaces with the
IDEAS Methodology ..................................................... 303
J.P. Molina, P. González, M.D. Lozano, F. Montero, and
V. López-Jaquero

UML

Usability Design – Extending Rational Unified Process with a New
Discipline ................................................................. 316
B. Göransson, M. Lif, and J. Gulliksen
Addressing Marketing Requirements in User-Interface Design for Multiple Platforms .......................................................... 331
L. Patrício, J. Falcão e Cunha, R.P. Fisk, and N.J. Nunes

Dialog Modelling with Interactors and UML Statecharts – A Hybrid Approach .......................................................... 346
H. Trætteberg

Specification Languages

ISML: An Interface Specification Meta-language ..................... 362
S. Crowle and L. Hole

A Review of XML-compliant User Interface Description Languages .... 377
N. Souchon and J. Vanderdonckt

Contextual Design of a Computer-Supported Film Set: A Case Study .... 392
C. Mártiln and B. Prell

Short Papers

Evaluating and Comparing Interaction Styles ............................. 406
G. Christou and R.J.K. Jacob

A Navigation and Registration System for Mobile and Augmented Environments .......................................................... 410
C. Santos and N. Correia

MIKE: A Multimodal Cinematographic Editor for Virtual Worlds ...... 415
B. de Araújo, A. Campos, and J.A. Jorge

An Approach to Develop User Interfaces with Plasticity ............... 420
F. Montero, V. López-Jaquero, J.P. Molina, and P. González

Multimedia Environments and Interactive Scientific Presentation of Industrially-Based Data Sets .................................. 424
I. Deliyannis, J. Harvey, and M.F. Webster

Author Index ........................................................................ 429
Interactive Systems. Design, Specification, and Verification
10th International Workshop, DSV-IS 2003, Funchal, Madeira Island, Portugal, June 11-13, 2003, Revised Papers
Jorge, J.; Jardim Nunes, N.; Falcao e Cunha, J. (Eds.)
2003, XIII, 432 p., Softcover
ISBN: 978-3-540-20159-5
