Chapter 9. Cryosols of the Mountains of Southern Siberia and Far Eastern Russia
R.G. Gracheva ................................................................. 231

Chapter 10. Geography and Ecology of Cryogenic Soils of Mongolia
S.V. Maximovich .......................................................... 253

Chapter 11. The Periglacial Environment and Distribution of Cryosols in China
C.-L. Ping, G. Qiu, and L. Zhao ........................................ 275

Chapter 12. Cryosols of the Arid Antarctic
I.B. Campbell and G.G.C. Claridge ................................... 291

Chapter 13. The Soil Cover of Central Siberia
I.A. Sokolov, T.V. Ananko, and D.Ye. Konyushkov .................. 303

Section 3. Properties and Processes of Cryosols ..........339
Properties and Processes of Cryosols: Introduction
B. Van Vliet-Lanoë ....................................................... 341

Chapter 1. Physico-Chemical Processes in Cryogenic Soils
V. Ostroumov ............................................................... 347

Chapter 2. Micromorphology of Cryosols
B. Van Vliet-Lanoë, C.A. Fox, and S.V. Gubin .................... 365

Chapter 3. The Thermal Regime of Cryosols
C.R. Burn ................................................................. 391

Chapter 4. Cryosols in the Extremely Arid Transantarctic Mountains Region of Antarctica
I.B. Campbell and G.G.C. Claridge ................................. 415

Chapter 5. Mineralogy and Weathering of Antarctic Cryosols

Chapter 6. Weathering Processes in Arid Cryosols
G.G.C. Claridge and I.B. Campbell .................................. 447

Section 4. Ecological Processes of Cryosols .............459
Ecological Processes of Cryosols: Introduction
L. Beyer ................................................................. 461

Chapter 1. Organic Matter and Bioactivity in Cryosols of Arctic Alaska
G.J. Michaelson, X.Y. Dai, and C.-L. Ping ......................... 463

Chapter 2. The Biological Cycle in Terrestrial Polar Ecosystems and its Influence on Soil Formation
D.G. Zamolodchikov and D.G. Fedorov-Davydov .................. 479

Chapter 3. Soil Organic Matter Storage in Cold Soils of Coastal Eastern Antarctica (Casey Station, Wilkes Land)
L. Beyer, K. Pingpank, M. Bölter, and R.D. Seppelt ............ 509
Chapter 4. Composition and Transformation of Soil Organic Matter in Cryosols and Gelic Histosols in Coastal Eastern Antarctica (Casey Station, Wilkes Land)

L. Beyer, D.M. White, K. Pingpank, and M. Bölter ........................................... 525

Chapter 5. Microorganisms and Microbial Processes in Antarctic Soils

M. Bölter and E. Kandeler .......................................................... 557

Chapter 6. The Biology of Arid Cryosols

G.G.C. Claridge and I.B. Campbell .................................................. 573

Chapter 7. Biodiversity, primary productivity, and the seasonal dynamic of soil processes in Taimyr soil-permafrost complexes

V. D. Vassiljevskaia, B. Pospelova, and V. Telesnina .................................. 581

Section 5. Classification of Cryosols ............................................. 595

Classification of Cryosols: Introduction

G. Broll and D.Ye. Konyushkov ...................................................... 597

Chapter 1. Classification of Cryosols in Canada

C. Tarnocai .......................................................... 599

Chapter 2. Classification of Cryosols in Russia

G. Mazhitova ........................................................................ 611

Chapter 3. The Gelisol Order in Soil Taxonomy

R.J. Ahrens, J.G. Bockheim, and C-L. Ping .................................... 627

Chapter 4. Classification of Permafrost-Affected Soils in the WRB

C. Tarnocai, G. Broll, and H.-P. Blume .................................. 637

Section 6. Management and Use of Cryosols ............... 657

Management and Use of Cryosols: Introduction

I.B. Campbell ....................................................................... 659

Chapter 1. Agricultural Use of Tundra Soils in the Vorkuta Area, Northeast European Russia

I. Archegova, N. Kotelina, and G. Mazhitova ................................... 661

Chapter 2. Disposal of Mine Tailings in Continuous Permafrost Areas:
Environmental Aspects and Future Control Strategies

B. Elberling ........................................................................ 677

Chapter 3. Environmental Impacts and Recovery from Human Activities on Cryosols of the Transantarctic Mountains

I.B. Campbell and G.G.C. Claridge .................................. 699

Chapter 4. Soil Properties and Relationships in Cryosols of the Region of the Transantarctic Mountains in Antarctica

I.B. Campbell and G.G.C. Claridge ..................................... 713
Cryosols
Permafrost-Affected Soils
Kimble, J. (Ed.)
2004, XVIII, 726 p., Hardcover
ISBN: 978-3-540-20751-1
