# Table of Contents

## Workshop on Intelligent Networked and Mobile Systems

### Track1: Ontologies for Networked Systems (ONS)

- A Framework for Semantic Grid Service Discovery .......................... 3
  *Fei Liu, Fan-yuan Ma, Ming-lu Li, Lin-peng Huang*

- Toward a Formal Common Information Model Ontology .................. 11
  *Stephen Quirolgico, Pedro Assis, Andrea Westerinen, Michael Baskey, Ellen Stokes*

- On Using Conceptual Modeling for Ontologies ............................ 22
  *S. Spaccapietra, C. Parent, C. Vangenot, N. Cullot*

- MetaData Pro: Ontology-Based Metadata Processing for Web Resources ............................................. 34
  *Ting Wang, Ji Wang, Yang Yu, Rui Shen, Jinhong Liu, Huowang Chen*

- Service-Oriented Semantic Peer-to-Peer Systems .......................... 46
  *Peter Haase, Sudhir Agarwal, York Sure*

- Towards Cross-Domain Security Properties Supported by Ontologies .......... 58
  *York Sure, Jochen Haller*

### Short Papers

- Open Knowledge Exchange for Workforce Development ................... 73
  *Peter A. Creticos, Jian Qin*

- ShanghaiGrid Portal: The Current Stage of Building Information Grid Portal ........................................ 82
  *Ying Li, Minglu Li, Jiadi Yu, Feng Hong, Lei Cao*

## Track2: Advances in Mobile Learning (AML)

- Learning Communities Support by Mobile Systems Based on Peer-to-Peer Networks ............................................. 89
  *Felipe G. Leite, Milton R. Ramirez, Jano M. de Souza*

- A Context-Adaptive Model for Mobile Learning Applications ............. 102
  *Soo-Joong Ghim, Yong-Ik Yoon, Ilkyeun Ra*
# Table of Contents

MobiLearn: An Open Approach for Structuring Content for Mobile Learning Environments ........................................... 114  
*Maia Zaharieva, Wolfgang Klas*

Smart Virtual Counterparts for Learning Communities ................................. 125  
*Mohan Baruwal Chhetri, Shonali Krishnaswamy, Seng Wai Loke*

Design and Implementation of Mobile Class Web Site for Promoting Communication ........................................... 135  
*Yeonho Hong, Suk-ki, Woochun Jun, Le Gruenwald*

A Personal Knowledge Assistant for Knowledge Storing, Integrating, and Querying ........................................... 145  
*Bogdan D. Czejdo, John Biguenet, Jonathan Biguenet, J. Czejdo*

**Short Papers**

Facilitating Collaborative Learning in Virtual (and Sometimes Mobile) Environments ........................................... 161  
*Woojin Paik, Jee Yeon Lee, Eileen McMahon*

A Fundamental Web-Board System Toward the Adaptive Mobile School Web Site ........................................... 167  
*Suk-Ki Hong, Woochun Jun*

Mobile Computer-Assisted Language Learning Courseware for Korean Language Learners ........................................... 173  
*Su-Jin Cho, Junhyung Kim, Seongsoo Lee*

**Workshop on Web Information Systems**

**Track1: Fragmentation Versus Integration – Perspective of the Web Information System Discipline (FIPWIS)**

The Co-design Approach to WIS Development in E-business and E-learning Applications ........................................... 181  
*Klaus-Dieter Schewe, Bernhard Thalheim*

Using KCPM for Defining and Integrating Domain Ontologies ........................................... 190  
*Christian Kop, Heinrich C. Mayr, Tatjana Zavinska*

Mobile Content Adaptation as an Optimisation Problem ........................................... 201  
*Alexei Tretiakov, Sven Hartmann*

Applying Database Semantics to the WWW ........................................... 211  
*Roland Hausser*
X-Square: A Hybrid Three-Dimensional Bitmap Indexing for XML Document Retrieval ........................................ 221
   Jae-Min Lee, Byung-Yeon Hwang, Bog-Ju Lee

An Economy-Based Accounting System for Grid Computing Environments .............................. 233
   Jiadi Yu, Minglu Li, Ying Li, Feng Hong

**Track2: Web Services Quality (WQW)**

QoS-Based Message-Oriented Middleware for Web Services .................... 241
   Piyush Maheshwari, Trung Nguyen Kien, Abdelkarim Erradi

Incorporating QoS Specifications in Service Discovery .......................... 252
   V. Deora, J. Shao, G. Shercliff, P.J. Stockreisser, W.A. Gray,
   N.J. Fiddian

QoS Based Pricing for Web Services ............................................. 264
   George Eby Mathew, Joseph Shields, Vikas Verma

**Author Index**  .............................................................................. 277
Web Information Systems -- WISE 2004 Workshops
WISE 2004 International Workshops, Brisbane, Australia, November 22-24, 2004, Proceedings
2004, XVIII, 282 p., Softcover
