## List of Contents

### Part I. Drugs and Drug Resistance

- Quinolines and Artemisinin: Chemistry, Biology and History .......................... 3  
  *P. G. Bray, S. A. Ward, and P. M. O’Neill*

- Antimalarial Multi-Drug Resistance in Asia: Mechanisms and Assessment ...... 39  
  *A.-C. Uhlemann and S. Krishna*

- Antimalarial Drug Resistance in Africa: Strategies for Monitoring and Deterrence 55  
  *C. V. Plowe*

### Part II. Malaria the Disease

- Uncomplicated Malaria .................................................................................. 83  
  *M. P. Grobusch and P. G. Kremsner*

- Metabolic Complications of Severe Malaria .............................................. 105  
  *T. Planche, A. Dzeing, E. Ngou-Milama, M. Kombila, and P. W. Stacpoole*

- The Clinical and Pathophysiological Features of Malarial Anaemia ............ 137  
  *D. J. Roberts, C. Casals-Pascual, and D. J. Weatherall*

- Malaria in the Pregnant Woman ................................................................. 169  
  *P. E. Duffy and M. Fried*

### Part III. Biology

- Host Receptors in Malaria Merozoite Invasion ............................................ 203  
  *S. S. Oh and A. H. Chishti*

- A Post-genomic View of the Mitochondrion in Malaria Parasites ............... 233  
  *A. B. Vaidya and M. W. Mather*

- The Plastid of *Plasmodium* spp.: A Target for Inhibitors .......................... 251  
  *S. Sato and R. J. M. Wilson*
