Preface

Welcome to the post proceedings of the First International Conference on Embedded Software and Systems (ICESS 2004), which was held in Hangzhou, P. R. China, 9–10 December 2004.

Embedded Software and Systems technology is of increasing importance for a wide range of industrial areas, such as aerospace, automotive, telecommunication, and manufacturing automation. Embedded technology is playing an increasingly dominant role in modern society. This is a natural outcome of amazingly fast developments in the embedded field.

The ICESS 2004 conference brought together researchers and developers from academia, industry, and government to advance the science, engineering, and technology in embedded software and systems development, and provided them with a forum to present and exchange their ideas, results, work in progress, and experience in all areas of embedded systems research and development.

The ICESS 2004 conference attracted much more interest than expected. The total number of paper submissions to the main conference and its three workshops, namely, Pervasive Computing, Automobile Electronics and Tele-communication, was almost 400, from nearly 20 countries and regions. All submissions were reviewed by at least three Program or Technical Committee members or external reviewers. It was extremely difficult to make the final decision on paper acceptance because there were so many excellent, foreseeing, and interesting submissions with brilliant ideas. As a result of balancing between accepting as many papers as possible and assuring the high quality of the conference, we finally decided to select 80 papers for the post-proceeding. We firmly believe that these papers not only present great ideas, inspiring results, and state-of-the-art technologies in recent research activities, but will also propel future developments in the Embedded Software and Systems research field.

The magnificent program for this conference was the result of the hard and excellent work of many people. We would like to express our sincere gratitude to all authors for their valuable contributions and to our Program/Technical Committee members and external reviewers for their great inputs and hard work. We are particularly grateful to our workshop chairs: Xiangqun Chen, Zhanglong Chen, Yue Gao, Xiaoqiang Wang, Xingshe Zhou and Mingyuan Zhu for their invaluable work in organizing wonderful workshops. We would also like to express our thanks to Jiajun Bu, Tianzhuo Chen, Kougen Zheng, Minde Zhao, Hui Zhu, Shuying Tian, Fengxian Li and Cheng Jin for putting everything together to create this magnificent scientific event.

June 2005

Chun Chen, Xiangke Liao
Zhaohui Wu, Ranfun Chiu
Organization

ICESS 2004 was organized by Zhejiang University, Important Software Committee of the National 863 Program, the China Computer Federation, and the Hangzhou Association for Science and Technology.

Executive Committee

**Honorary Chair**  Yunhe Pan, Zhejiang University, China

**General Chairs**  Xiangke Liao, 863 Program Expert, China  
                   Chun Chen, Zhejiang University, China

**Program Chairs**  Zhaohui Wu, Zhejiang University, China  
                     Ranfun Chiu, HP lab, USA

**Workshop Chairs**  Minyi Guo, The University of Aizu, Japan  
                     Kougen Zheng, Zhejiang University, China

**Public Relation Chair**  Tianzhou Chen, Zhejiang University, China

**Publication Chair**  Jiajun Bu, Zhejiang University, China

**Local Organizing Committee**  Minde Zhao (Chair)  
                                Shuying Tian, Hui Zhu, Fengxian Li,  
                                Cheng Jin, Wei Chen

Sponsoring Corporations

Intel Corporation  
China Putian Corporation  
Hopen Software Eng. Co. Ltd.  
ZTE Corporation  
Huawei Technologies Co. Ltd.  
CoreTek Systems Incorporated  
China Mobile Software League
Program Committee

Makoto Amamiya          Kyushu University, Japan
Jiamei Cai              Zhejiang University of Industry, China
Tak-Wai Chan            National Central University, China
Xiangqun Chen           Peking University, China
Yaowu Chen              Zhejiang University, China
Zhanglong Chen          Fudan University, China
Walter Dosch            Medizinische Universität Lübeck, Germany
Nikil Dutt              University of California, Irvine, USA
Jesse Z. Fang           Intel Labs, USA
Yue Gao                 Hopen Software Eng. Co. Ltd. China
Naiping Han             Chinasoft Network Technology Co., Ltd., China
R. Nigel Horspool       University of Victoria, Canada
Chris Hsiung             Hewlett-Packard Lab, USA
Margarida Jacome        University of Texas at Austin, USA
Moon Hae Kim            Konkuk University, Korea
Insup Lee               University of Pennsylvania, USA
Meng Lee                Hewlett-Packard Lab, USA
Xinming Li              ACET, China
Kwei-Jay Lin            University of California, Irvine, USA
Lei Luo                 University of Electronic Science and Technology of China, China
Yi Pan                  Georgia State University, USA
Xian-he Sun             Illinois Institute of Technology, USA
Walid Taha              Rice University, USA
Xiaoge Wang             Tsinghua University, China
Xing Zhang              Peking University, China
Xingshe Zhou            Northwestern Polytechnical University of China, China

Workshop Chairs

The International Workshop on Embedded Systems and Pervasive Computing

Xiangqun Chen           Peking University, China
Xingshe Zhou            Northwestern Polytechnical University of China

The International Workshop on Embedded Systems and Automobile Electronics

Zhanglong Chen          Fudan University, China
Mingyuan Zhu            CoreTek Systems Incorporated, China
The International Workshop on Embedded Systems in Telecommunication

VIII  Organization

Yue Gao  Hopen Software Eng. Co. Ltd., China
Xiaoge Wang  Tsinghua University, China

Technical Committee

Hamid R. Arabnia  University of Georgia, USA
Alessandro Bogliolo  University of Urbino, Italy
Luciano Bononi  University of Bologna, Italy
Jiajun Bu  Zhejiang University, China
Rajkumar Buyya  The University of Melbourne, Australia
Jiannong Cao  Hong Kong Polytechnic University, China
Tiziana Calamoneri  University of Rome "La Sapienza", Italy
Adriano Mauro Cansian  State University of Sao Paulo, Brazil
Nacyhuck Chang  Seoul National University, Korea
Vipin Chaudhary  Wayne State University, USA
Shu-Ching Chen  Florida International University, USA
Shuoying Chen  Beijing Institute of Technology, China
Tianzhou Chen  Zhejiang University, China
Wenzhi Chen  Zhejiang University, China
Yu Chen  Tsinghua University, China
Zied Choukair  ENST Bretagne, France
Hao-hua Chu  National Taiwan University, China
Chen Ding  University of Rochester, UK
PeiYu Fang  DYNA Technology, China
Feng Gao  Zhejiang University, China
Dan Grigoras  University College Cork, Ireland
Jianjun Hao  Beijing University of Posts and Tele-communications, China
Hangen He  Changsha Institute of Technology, China
Qianhua He  South China University of Technology, China
Yan Hu  China Electronics Standardization Institute, China
Liqun Huang  Huazhong University of Science and Technology, China
Zhiping Jia  Shandong University, China
Xiaohong Jiang  JAIST, Japan
Qun Jin  Waseda University, Japan
Mahmut Taylan Kandemir  Pennsylvania State University, USA
Ryan Kastner  University of California, Santa Barbara, USA
Dieter Kranzmüller  University of Linz, Austria
Mohan Kumar  The University of Texas at Arlington, USA
Hsien-Hsin (Sean) Lee  Georgia Institute of Technology, USA
Trong-Yen Lee  National Taiwan University, China
Qing Li  City University of Hong Kong, China
Technical Committee (continued)

Jinlong Lin  Peking University, China
Youn-Long Steve Lin  National Tsing Hua University, China
Jilin Liu  Zhejiang University, China
Xiang Liu  GRAND Software, China
Xiang Liu  Peking University, China
Yan Liu  Putian-Smartcom, China
Zhaodu Liu  Beijing Institute of Technology, China
Zhen Liu  Nagasaki Institute of Applied Science, Japan
Bin Luo  Nanjing University, China
Lei Luo  CoreTek Systems Incorporated, China
Jingjian Lv  Beijing Open Lab (BOL) System Inc., China
HongBing Ma  Tsinghua University, China
