

# Contents

<b>Introduction</b> .....	1
<b>1. The Concept of Toroidal Groups</b> .....	3
1.1 Irrationality and toroidal coordinates .....	3
Toroidal groups .....	3
Complex homomorphisms .....	7
Toroidal coordinates and $\mathbf{C}^{*n-q}$ -fibre bundles .....	9
Maximal Stein subgroups of toroidal groups .....	14
1.2 Toroidal subgroups and pseudoconvexity .....	16
The maximal toroidal subgroup of a complex Lie group .....	16
Pseudoconvexity .....	19
The maximal complex subtorus of a complex Lie group .....	22
<b>2. Line Bundles and Cohomology</b> .....	25
2.1 Line bundles on toroidal groups .....	25
Automorphic factors .....	25
The characteristic decomposition of an exponential system .....	28
Automorphic summands .....	32
Theta bundles and topologically trivial line bundles .....	37
2.2 Cohomology of toroidal groups .....	44
Toroidal theta and wild groups .....	44
Dolbeault cohomology of toroidal theta groups .....	47
Dolbeault cohomology of complex Lie groups .....	54
<b>3. Quasi-Abelian Varieties</b> .....	57
3.1 Ample Riemann forms .....	57
The Hermitian decomposition of an automorphic factor .....	57
Period relations .....	61
Ample Riemann forms .....	64
Maximal Stein subgroups of quasi-Abelian varieties .....	68
3.2 Characterization of quasi-Abelian varieties .....	73
Cohomology and the average of differential forms .....	73

VIII Contents

Chern forms of fibre metrics .....	80
Holomorphic mappings to projective spaces .....	85
Meromorphic functions on toroidal groups .....	88
<b>4. Reduction and Extension .....</b>	<b>93</b>
4.1 Automorphic forms .....	93
Reduction to the positive definite case .....	93
Further properties of meromorphic functions .....	101
Existence of automorphic forms and Lefschetz type theorems....	103
4.2 Extendable line bundles .....	106
The case of $\mathbf{C}^{*n-q}$ -fibre bundles .....	106
The case of kind $\ell$ .....	113
Explicit representation of automorphic forms .....	120
<b>References .....</b>	<b>125</b>

Toroidal Groups

Line Bundles, Cohomology and Quasi-Abelian Varieties

Abe, Y.; Kopfermann, K.

2001, X, 142 p., Softcover

ISBN: 978-3-540-41989-1
