1  **The Role of Surgical Research** ................................. 1  
    Omer Aziz and John G. Hunter

2  **Evidence-Based Surgery** ................................. 9  
    Hutan Ashrafian, Nick Sevdalis, and Thanos Athanasiou

3  **The Role of the Academic Surgeon in the Evaluation**  
    **of Healthcare Assessment** ................................. 27  
    Roger M. Greenhalgh

4  **Study Design, Statistical Inference and Literature**  
    **Search in Surgical Research** ................................. 33  
    Petros Skapinakis and Thanos Athanasiou

5  **Randomised Controlled Trials: What the Surgeon Needs to Know**  
    ................................. 55  
    Marcus Flather, Belinda Lees, and John Pepper

6  **Monitoring Trial Effects** ................................. 67  
    Hutan Ashrafian, Erik Mayer, and Thanos Athanasiou

7  **How to Recruit Patients in Surgical Studies** ................................. 75  
    Hutan Ashrafian, Simon Rowland, and Thanos Athanasiou

8  **Diagnostic Tests and Diagnostic Accuracy in Surgery** ................................. 83  
    Catherine M. Jones, Lord Ara Darzi, and Thanos Athanasiou

9  **Research in Surgical Education: A Primer** ................................. 99  
    Adam Dubrowski, Heather Carnahan, and Richard Reznick

10  **Measurement of Surgical Performance for Delivery**  
    **of a Competency-Based Training Curriculum** ................................. 115  
    Raj Aggarwal and Lord Ara Darzi

11  **Health-Related Quality of Life and its Measurement**  
    **in Surgery – Concepts and Methods** ................................. 129  
    Jane M. Blazeby
