22 Recent glacier changes in the Mongolian Altai Mountains: Case studies from Munkh Khairkhan and Tavan Bogd			
<i>Brandon S. Krumwiede, Ulrich Kamp, Gregory J. Leonard, Jeffrey S. Kargel, Avirmed Dashtseren, and Michael Walther</i>	481		
22.1 Introduction	481		
22.2 Regional background	482		
22.2.1 <i>Quaternary history of glaciers in the Mongolian Altai</i>	482		
22.2.2 <i>Recent history of glaciers in the Mongolian Altai</i>	483		
22.3 Regional context and study areas	484		
22.3.1 <i>Geography and climate</i>	484		
22.3.2 <i>Munkh Khairkhan range</i>	485		
22.3.3 <i>Tavan Bogd range</i>	486		
22.4 Data and methods	487		
22.4.1 <i>Topographic maps</i>	487		
22.4.2 <i>Satellite imagery</i>	487		
22.4.3 <i>GPS data</i>	489		
22.4.4 <i>Pan-sharpening</i>	489		
22.4.5 <i>Glacier mapping</i>	490		
22.4.6 <i>Error analysis (area accuracy and change precision)</i>	492		
22.4.7 <i>Digital elevation models</i>	493		
22.4.8 <i>DEM-derived datasets</i>	496		
22.4.9 <i>Geomorphometric analysis</i>	497		
22.5 Results	498		
22.5.1 <i>Glacial change in the Munkh Khairkhan range</i>	498		
22.5.2 <i>Glacial change in the Tavan Bogd range</i>	499		
22.6 Discussion	502		
22.6.1 <i>Munkh Khairkhan range</i>	502		
22.6.2 <i>Tavan Bogd range</i>	505		
22.7 Conclusions	506		
22.8 Acknowledgments	506		
22.9 References	507		
23 Remote sensing of glaciers in Afghanistan and Pakistan			
<i>Michael P. Bishop, John F. Shroder Jr., Ghazanfar Ali, Andrew B.G. Bush, Umesh K. Haritashya, Rakhshan Roohi, Mehmet Akif Sarıkaya, and Brandon J. Weihs</i>	509		
23.1 Introduction	509		
23.2 Regional context	510		
23.2.1 <i>Geology</i>	510		
23.2.2 <i>Topography</i>	513		
23.2.3 <i>Climate</i>	513		
23.2.4 <i>Glaciers</i>	514		
23.3 Methodology	518		
23.4 Case studies	520		
23.4.1 <i>Afghanistan</i>	520		
23.4.2 <i>Pakistan</i>	529		
23.5 Regional synthesis	543		
23.5.1 <i>Afghanistan</i>	543		
23.5.2 <i>Pakistan</i>	543		
23.6 Acknowledgments	544		
23.7 References	544		
24 Himalayan glaciers (India, Bhutan, Nepal): Satellite observations of thinning and retreat			
<i>Adina E. Racoviteanu, Yves Arnaud, I.M. Baghuna, Samjwal R. Bajracharya, Etienne Berthier, Rakesh Bhambrri, Tobias Bolch, Martin Byrne, Ravinder K. Chaujar, Regula Frauenfelder, Andreas Käab, Ulrich Kamp, Jeffrey S. Kargel, Anil V. Kulkarni, Gregory J. Leonard, Pradeep K. Mool, and I. Sossna</i>	549		
24.1 Overview	549		
24.2 Regional context	550		
24.2.1 <i>Geographic, geologic, and topographic setting</i>	550		
24.2.2 <i>Climate dynamics and glacier regimes</i>	552		
24.2.3 <i>Previous glacier mapping and observations</i>	553		
24.3 Case studies and specific topics	553		
24.3.1 <i>Sikkim Himalaya: glacier area change, 1960–2000</i>	553		

24.3.2	<i>Khumbu and Garhwal Himalaya: glacier area and thickness changes, 1960s–2000s</i>	555	26 Remote sensing of rapidly diminishing tropical glaciers in the northern Andes	
24.3.3	<i>Everest region, Nepal: geomorphologic and surface reflectance changes, 2001–2005</i>	560	<i>Todd Albert, Andrew Klein, Joni L. Kincaid, Christian Huggel, Adina E. Racoviteanu, Yves Arnaud, Walter Silverio, and Jorge Luis Ceballos</i>	609
24.3.4	<i>Brahmaputra River basin: glacier area, volume, and velocity changes, 1970s through to about 2000</i>	564	26.1 Introduction	609
24.3.5	<i>Ladakh, northwestern Indian Himalaya: glacier length/area change, 1975–2008</i>	569	26.2 Regional context	610
24.3.6	<i>Himachal Pradesh and Uttarakhand, western Indian Himalaya: glacier area change, 1962–2004</i>	571	26.3 Special topics and case studies	610
24.3.7	<i>Himachal Pradesh, western Himalaya: geodetic mass balance estimates, 1999–2004</i>	573	26.3.1 <i>Quelccaya, Peru</i>	610
24.4	Summary and outlook	575	26.3.2 <i>Cordillera Vilcanota, Peru</i>	614
24.5	Appendix—image differencing: methodology, limitations, and errors	575	26.3.3 <i>Nevado Coropuna, Peru</i>	616
24.6	Acknowledgments	577	26.3.4 <i>Cordillera Blanca, Peru</i>	616
24.7	References	577	26.3.5 <i>Colombia</i>	622
			26.3.6 <i>Tres Cruces, Bolivia</i>	625
