Heiderose Kilper

1 Preface – Introduction 1

Refereed Section

Karl Peter Schön

2 Territorial Cohesion – Current Views of the Commission and the Member States of the European Union 7

2.1 Territorial Cohesion – A New Concept Combining Territorial Policy and Cohesion Policy 7

2.2 Territorial Cohesion and European Spatial Development Policy 7

2.2.1 The European Spatial Development Perspective (ESDP) 7

2.2.2 The Lisbon Treaty (2007) 9

2.2.3 The EU Member States’ Territorial Agenda of the European Union (2007) 13

2.2.4 The Green Paper on Territorial Cohesion of the European Commission (2008) 15

Thiemo W. Eser

3 From Disparities to Diversity – Territorial Cohesion in the European Union 19

3.1 Approaching Territorial Cohesion in the European Union 19

3.2 Disparities in Policy Conception 20

3.3 Spatial Development and Territorial Cohesion 21

3.4 Territorial Cohesion in the European Framework 23

3.5 Disparities Relevant for Territorial Cohesion 28

3.6 Territorial Cohesion: Shift of the Focus from Disparities to Diversity 31
Hans Joachim Kujath, Axel Stein

4 Spatial Patterns in the Knowledge Society

4.1 Background and Methodology
4.2 Operationalising the Concept of the Knowledge Society for Spatial Discourse
4.2.1 Technical Dimension
4.2.2 Economic Dimension
4.2.3 Social Dimension
4.2.4 A New Spatial Structure for the Knowledge Society?
4.3 Classification of Germany’s Subspaces Using a Cluster Analysis
4.4 Identified Spatial Patterns
4.4.1 Upscaling: The Emergence of Large Agglomerations Influenced by the Knowledge Society
4.4.2 Corridors of Development: The Expansion of the Knowledge Society in Rural Areas located between Metropolitan Regions
4.4.3 New Periphery: Regions with a Knowledge Society Deficit
4.5 Conclusion: Knowledge Structures Space

Suntje Schmidt, Manuela Wolke

5 The Importance of Infrastructures and Interaction Networks for Regional Competitiveness in the Knowledge Economy

5.1 Introduction
5.2 Functional Specialisation in the Knowledge Economy and their Spatial Characteristics
5.3 Function-specific Interaction Networks
5.4 Conclusions: Cities and Regions as Nodes of Knowledge – Infrastructure Demands
6 Urbanisation Processes and Regional Disparities in Europe – The Role of Metropolitan Regions and the Importance of the Settlement Structure

6.1 Cities and Metropolitan Regions
6.2 In Search of the Metropolitan Region
6.3 Medium-term Growth of Densely Populated Outlying Areas
6.4 Urban and Rural – A Changing Typology
6.5 The Increasing Concentration of Economic Power
6.6 Conclusion

7 Suburban Residential Development in Post-socialist Urban Regions: The Case of Moscow, Sofia, and Budapest

7.1 The Rise of Suburbs
7.2 Moscow
7.2.1 The Suburbanisation of Moscow’s Urban Region
7.2.2 Moscow’s Periphery during the Soviet Period
7.2.3 Social and Demographic Characteristics of the Suburban Population
7.2.4 Current Residential Suburbanisation
7.2.5 Dacha Culture
7.3 Sofia
7.3.1 History of Urban Development before 1945
7.3.2 The Socialist Period and its Impacts on Suburban Development
7.3.3 Processes, Actors, and Trends of Residential Suburbanisation in Sofia since 1990
7.4 Budapest
  7.4.1 The Historical Background of Urban Sprawl 93
  7.4.2 Processes, Actors, and Trends of Residential Suburbanisation in Budapest since 1990 95
  7.4.3 Policies Affecting Residential Suburbanisation 97
7.5 Similarities and Differences of Residential Suburbanisation in Moscow, Sofia, and Budapest: A Discussion and Conclusions 98

Bernhard Müller, Paulina Schiappacasse

8 The European Regional Demographic Mosaic – A Challenge for Spatial Development 105
  8.1 Demographic Change – Repercussions for Urban and Regional Development 105
  8.2 Research Issues and Methodological Considerations 106
  8.3 The Rise of Ageing Regions 108
  8.4 European Patterns of Depopulation 115
  8.5 Developing a Regional Demographic Vulnerability Index (DVI) 119
  8.6 Perspectives 121

Tim Leibert

9 Polarisation or Convergence? Spatial Patterns of Fertility in Hungary 15 Years after the Beginning of the Process of Transformation 129
  9.1 Theoretical Approaches to Explaining the Demographic Transformation in Hungary 129
  9.2 Hungary’s Economic Development since the Transformation 132
    9.2.1 Labour Market and Educational Level 133
    9.2.2 The Roma as an Indicator for Multiple Social Deprivation 134
9.3 Hungary’s Demographic Development since 1990
9.3.1 Regional Patterns of Fertility 135
9.3.2 “Ageing” of Fertility 136
9.3.3 Multivariate Analysis 138
9.4 Future Prospects: Which Future Spatial Patterns of Fertility are to be Expected? 141

Juliane Albrecht

10 The Subsidiarity Principle – Does it Impede Equal Ecological Living Conditions in Europe? 145

10.1 Subsidiarity as an “Architectural Principle” of the EU 145
10.2 Content of the Subsidiarity Principle in Article 5 (2) EC Treaty 146
10.3 The Subsidiarity Principle and Environmental Policy 150
10.4 Application of the Subsidiarity Principle in Representative Examples of EC Environmental Legislation 153
10.5 Conclusions and Outlook 158

Short Reports

Gérard Hutter, Andreas Klee, Monika Meyer, Gregor Prinzensing, Sabine Scharfe, Mathias Siedhoff, Sabine Tzschaschel

11 Demographic Change: Complexity as a Challenge for Urban and Regional Development 167

Markus Leibenath, Andreas Blum, Sylke Stutzriemer

12 Environmental Cooperation across Germany’s External Borders – The Case of Ecological Networks 171
Gerold Janssen

13 European Groupings of Territorial Cooperation (EGTC) – Experiences and Prospects 177

Jan Prömmel, Dagmar Tille

14 Hist. Urban – Integrated Revitalisation of Historic Towns to Promote a Polycentric and Sustainable Development 183

Kai Pflanz, Sabine Zillmer

15 Germany in the Light of the Territorial Agenda – The ESPON Perspective 187

Appendix
