Contents

1 The Impact of Trauma on Society ............................. 1
Farrah Naz Hussain and Mohit Bhandari

2 Economic Aspects of Trauma Care ............................ 5
Maren Walgenbach, Carsten Mand, and Edmund A.M. Neugebauer

3 Evidence-Based Orthopaedic Trauma Care ..................... 11
Matthew Denkers and Richard Buckley

4 Local Inflammatory Changes Induced by Fractures and Soft Tissue Injuries ...................................... 19
Takeshi Tsukamoto

5 Pathophysiology of Polytrauma ............................... 33
Theodoros Tosounidis and Peter V. Giannoudis

6 Head Injuries: Neurosurgical and Orthopaedic Strategies ........ 43
Michael A. Flierl, Kathryn M. Beauchamp, and Philip F. Stahel

7 Nerve Injuries in Traumatic Head Injury: When To Explore/Suture/Transplant? .......................... 51
Norbert Pallua and Ahmet Bozkurt

8 Chest Trauma: Classification and Influence on the General Management ................................. 75
Philipp Mommsen, Christian Krettek, and Frank Hildebrand

9 Abdominal Injuries: Indications for Surgery ........................... 89
Clay Cothren Burlew and Ernest E. Moore

10 Management of Pelvic Ring Injuries ........................... 103
David J. Hak and Sean E. Nork

11 Urological Injuries in Polytrauma .............................. 115
David Pfister and Axel Heidenreich
12 Fracture Management ........................................ 127
Bernhard Schmidt-Rohlfing, Roman Pfeifer, and Hans-Christoph Pape

13 Mangled Extremity: Management in Isolated Extremity
Injuries and in Polytrauma .................................. 135
Mark L. Prasarn, Peter Kloen, and David L. Helfet

14 Management of Spine Fractures ............................ 151
Karl-Åke Jansson and Kevin Gill

15 The Management of the Multiply Injured Elderly Patient .... 167
Charles M. Court-Brown and N. Clement

16 Polytrauma in Young Children ............................ 179
Hans Georg Dietz, Roman Pfeifer, and Hans-Christoph Pape

17 Fracture Management in the Pregnant Patient .......... 189
Erich Sorantin, Nima Heidari, Karin Pichler,
and Annelie-Martina Weinberg

18 Open Fractures: Initial Management ......................... 205
Robert Victor Cantu and Kenneth J. Koval

19 Vascular Injuries: Indications for Stents, Timing for Vascular
and Orthopaedic Injuries .................................... 217
Luke P.H. Leenen

20 Management of Articular Fractures .......................... 229
Frankie Leung and Tak-Wing Lau

21 Techniques of Soft Tissue Coverage in Open Fractures .... 243
Norbert Pallua and Ahmet Bozkurt

22 Outcome and Management of Primary Amputations,
Subtotal Amputation Injuries, and Severe Open Fractures
with Nerve Injuries ........................................... 265
William W. Cross III and Marc F. Swiontkowski

23 High-Energy Injuries Caused by Penetrating Trauma ........ 281
Yoram A. Weil and Rami Mosheiff

24 Management of Traumatic Bone Defects .................... 295
Richard P. Meinig

25 Acute Soft Tissue and Bone Infections ....................... 305
Lena M. Napolitano
