## Contents

1 Modernization of Observation and Forecasting System in IMD in Support of Agromet Services ........................................... 1
   Ajit Tyagi

2 Monthly and Seasonal Indian Summer Monsoon Simulated by RegCM3 at High Resolutions ........................................ 13

3 Simulation of Heavy Rainfall in Association with Extreme Weather Events: Impact on Agriculture ......................... 35
   U.C. Mohanty, S. Pattanayak, A.J. Litta, A. Routray, and O. Krishna Kishore

4 Representation of Uncertainties in Seasonal Monsoon Predictions Using a Global Climate Model .......................... 61
   Sarat C. Kar

5 Intra Seasonal Variability of Rainfall in India on Regional Basis .......................................................... 73
   Manish K. Joshi, K.C. Tripathi, Avinash C. Pandey, and I.M.L. Das

6 Assimilation of Surface Observations in a High Resolution WRF Model .......................................................... 83
   Dipak K. Sahu and S.K. Dash

7 An Evaluation of the Simulation of Monthly to Seasonal Summer Monsoon Rainfall over India with a Coupled Ocean Atmosphere General Circulation Model (GloSea) ........................................ 101
   D.R. Pattanaik, Ajit Tyagi, U.C. Mohanty, and Anca Brookshaw
8 Prediction of Monsoon Variability and Subsequent Agricultural Production During El Niño/La Niña Periods .......................... 123
M.V. Subrahmanyam, T. Satyanarayana, and K.P.R. Vittal Murthy

9 Improved Seasonal Predictability Skill of the DEMETER Models for Central Indian Summer Monsoon Rainfall ............... 139
Ravi P. Shukla, K.C. Tripathi, Sandipan Mukherjee, Avinash C. Pandey, and I.M.L. Das

10 Simulation of Indian Summer Monsoon Circulation with Regional Climate Model for ENSO and Drought Years over India .......... 149
Sandipan Mukherjee, Ravi P. Shukla, and Avinash C. Pandey

11 Changes in Surface Temperature and Snow over the Western Himalaya Under Doubling of Carbon Dioxide (CO₂) ............... 163
P. Parth Sarthi, S.K. Dash, and Ashu Mamgain

12 Simulation of Tornadoes over India Using WRF-NMM Model ..... 173
A.J. Litta, U.C. Mohanty, S.C. Bhan, and M. Mohapatra

13 A Pilot Study on the Energetics Aspects of Stagnation in the Advance of Southwest Monsoon .............................. 187
Somenath Dutta and Lt. Vishwarajashree

14 Integrated Agrometeorological Advisory Services in India ........ 195
L.S. Rathore, S.K. Roy Bhowmik, and N. Chattopadhyay

15 South-West Monsoon Variability and Its Impact on Dryland Productivity in Drought Affected Districts of Amravati Division in Maharashtra State .................................. 207
G.U. Satpute and S.S. Vanjari

16 Simulation of Growth and Yield Attributes of Wheat Genotypes Under Changing Climate in Recent Years in India ............ 221
S.D. Attri, K.K. Singh, and R.K. Mall

17 Strategies for Minimizing Crop Loss due to Pest and Disease Incidences by Adoption of Weather-Based Plant Protection Techniques ...................................... 235
N. Chattopadhyay, R.P. Samui, and L.S. Rathore

18 Climate-Based Decision Support Tools for Agriculture ........... 245
Mark S. Brooks, Aaron P. Sims, Ashley N. Frazier, Ryan P. Boyles, Ameenulla Syed, and Sethu Raman
19 Challenges in District Level Weather Forecasting for Tribal Region of Chhattisgarh State .......................... 257
J.L. Chaudhary

20 Agromet Information System for Farm Management ............... 263
M.C. Varshneya, N. Kale, V.B. Vaidya, Vyas Pandey, and B.I. Karande

21 Advanced INSAT Data Utilization for Meteorological Forecasting and Agrometeorological Applications ....................... 273
P.C. Joshi, B. Simon, and B.K. Bhattacharya

22 Data Mining: A Tool in Support of Analysis of Rainfall on Spatial and Temporal Scale Associated with Low Pressure System Movement over Indian Region ............................................. 287
Kavita Pabreja

23 Information Systems as a Tool in Operational Agrometeorology: Applications to Irrigation Water Management in Emilia Romagna-Italy .......................................................... 299
Federica Rossi

24 Impact of Climate Change on Crop Water Requirements and Adaptation Strategies ........................................ 311

25 Climate Change and Its Impact on Wheat and Maize Yield in Gujarat .......................................................... 321
Vyas Pandey and H.R. Patel

26 Climate Change Adaptation and Mitigation for Drought-Prone Areas in India ........................................ 335
R.P. Samui and M.V. Kamble

27 Climate Change in Relation with Productivity of Rice and Wheat in Tarai Region of Uttarakhand ......................... 355
H.S. Kushwaha

28 Estimation of Wheat Productivity Under Changing Climate in Plains Zones of Chhattisgarh Using Crop Simulation Model .... 369
