

Contents

1	Introduction	1
1.1	Background and Literature Review	1
1.1.1	Background of the Study	1
1.1.2	Literature Review	4
1.2	Main Characteristics of the Book and Its Structure	12
1.2.1	Main Characteristics of the Book	12
1.2.2	Structure of the Book	13
2	Concept of Income Distribution and Indexes and Methods for Measuring Income Inequality	15
2.1	Income Distribution and Major Indexes for Its Measurement	15
2.1.1	Income Distribution and Its Studies	15
2.1.2	Major Indexes for Measuring Income Inequality	16
2.2	Lorenz Curve and Gini Coefficient and Their Estimation	22
2.2.1	General Meaning of Lorenz Curve and Gini Coefficient	23
2.2.2	Estimation of Lorenz Curve and Gini Coefficient	25
2.3	Meaning of Polarization and Its Measurement	32
2.3.1	Meaning of Polarization	33
2.3.2	Indexes for Measuring Degree of Polarization	35
2.3.3	Measurement for Judging Trend of Polarization	41
2.3.4	Combined Perspectives to Judge Polarization	43
3	Income Inequality of China's Urban Residents and the Factors Which Impact It	45
3.1	Economic System and Structure in China's Urban Area and Change of Income Inequality of Urban Residents Since Reform	45
3.1.1	Change of Urban Income Distribution System	45
3.1.2	Change of Urban Economic Structure	47
3.1.3	Change of Income Inequality of Urban Resident	48

3.2	Main Factors Impacting Income Inequality of Urban Resident and Its Change: Analysis from Income Components	50
3.2.1	Method and Its Development	50
3.2.2	Main Factors that Impact Income Inequality of Urban Resident: Analysis by Income Components	55
3.2.3	The Main Factors that Impact the Change of Income Inequality of Urban Resident: Analysis by Income Components	59
3.3	Main Factors Impacting Income Inequality of Urban Resident and Its Change: Analysis by Household Characteristics	62
3.3.1	Basic Method for Analysis	62
3.3.2	Impact of Some Main Household Characteristics on Income Inequality of Urban Resident	63
3.3.3	Main Factors that Impact the Change of Income Inequality of Urban Resident: Analysis by Household Characteristics	67
3.4	Main Factors Impacting Income Inequality of Urban Resident: Analysis by Population Characteristics	67
3.4.1	Grouping by Population Characteristic	70
3.4.2	Decomposition Analysis by Population Characteristics	75
3.5	Impact of Some Macroeconomic Variables on Income Inequality of Urban Resident	77
3.5.1	Economic Growth Since the System Reform	77
3.5.2	Foreign Trade Since the System Reform	79
3.5.3	Inflation Since the System Reform	80
3.5.4	Empirical Analysis of Impact of Macroeconomic Variables on Income Inequality of Urban Resident	81
4	Income Inequality of Chinese Rural Resident and the Factors Which Impact It	87
4.1	Income Distribution System in Chinese Rural Area Before and After System Reform and Change of Income Inequality of Rural Residents	87
4.1.1	Forms of Production and System of Income Distribution and Their Impact on Income Inequality of Rural Resident Before System Reform	87
4.1.2	The Change of Production Forms and Industrial Structure in Rural Areas After System Reform	90
4.1.3	Gradual Enlargement of Income Inequality of Rural Resident	92

4.2	Main Factors that Impact Inequality of Total Income Inequality of Rural Resident and Its Change	93
4.2.1	Main Factors Impacting Income Inequality of Rural Resident: Analyzing by Income Components	94
4.2.2	Main Drivers that Impact Change of Income Inequality of Rural Residents: Analysis by Income Components	103
4.3	Main Factors that Impact Non-agricultural Income Inequality of Rural Resident and Its Change	106
4.3.1	Main Factors Impacting Non-agricultural Income Inequality of Rural Resident	106
4.3.2	Main Factors Impacting Change of the Non-agricultural Income Inequality of Rural Resident	108
4.4	Impact of Non-agricultural Sector Employment of Rural Labors on Income Inequality of Rural Resident	110
4.4.1	Internal and External Factors Behind the Labor Transfer to Non-agricultural Sector	110
4.4.2	Background of Rural Labor Transfer to Non-agricultural Sector	113
4.4.3	Major Ways of Rural Labor Transfer to Non-agricultural Sector	114
4.4.4	Phasic Change of Labor Transfer to Non-agricultural Sector	116
4.4.5	Impact of Labor Transfer to Non-agricultural Sector on Income Inequality of Rural Resident	119
5	Income Inequality of China's Total Resident and the Factors Which Impact It	125
5.1	Status Quo of Income Inequality of China's Total Resident	125
5.1.1	Method and Data of Calculating Income Inequality of Total Resident	125
5.1.2	Status Quo of Income Inequality of China's Total Resident	127
5.2	Urban-Rural Inequality and Its Impact on Income Inequality of Total Resident	129
5.2.1	Urban-Rural Income Inequality Since the Reform	130
5.2.2	Impact of the Urban-Rural Income Inequality on Income Inequality of Total Resident and Its Change	134
5.3	Impact of Urbanization on China's Income Inequality of Total Resident	137
5.3.1	Concept, Process, and Measurement of Urbanization	137
5.3.2	Situation of China's Urbanization Since Reform	138
5.3.3	Theoretical Analysis on Urbanization's Impact on Income Inequality of Total Resident	140
5.3.4	Empirical Test on the Impact of Urbanization on Income Inequality of Total Resident	146

- 6 Impact of Rent-Seeking on Income Inequality** 151
 - 6.1 Some Major Activities of Rent-Seeking in China and Their Impact on Income Inequality 151
 - 6.1.1 Economics Definition for Rent-Seeking 151
 - 6.1.2 Origin and Expansion of Rent-Seeking Activities in China Since Reform 153
 - 6.1.3 Impact of Rent-Seeking Income on Income Inequality of Urban, Rural, and Total Resident 157
 - 6.2 Economics Explanation for Rent-Seeking Activities in China 161
 - 6.2.1 Unequilibrium of Interim Institutional Arrangement as a Spur to Economic Entities’ Motive for Rent-Seeking 161
 - 6.2.2 Defects of Interim Institutional Arrangement as a Source of Rent-Seeking Income 163

- 7 Forecast for Chinese Residents’ Income Inequality in the Future** .. 165
 - 7.1 Main Factors Influencing Trend of Income Inequality of Chinese Resident 165
 - 7.1.1 Main Factors Enlarging Income Inequality 165
 - 7.1.2 Main Factors Reducing Income Inequality 166
 - 7.1.3 Conclusions 167
 - 7.2 Method for Forecast: Exponential Smoothing Model 167
 - 7.2.1 Single Exponential Smoothing Method 168
 - 7.2.2 Double Exponential Smoothing Method 169
 - 7.2.3 Holt–Winters-No Seasonal Method 169
 - 7.2.4 Holt–Winters-Additive Method 170
 - 7.2.5 Holt–Winters-Multiplicative Method 171
 - 7.3 The Forecast Outcomes for Income Inequality of Urban, Rural and Total Resident, and Urban–Rural Income Inequality 171
 - 7.3.1 Forecast Outcome of Income Inequality of Urban Resident 171
 - 7.3.2 Forecast Outcome of Income Inequality of Rural Resident 172
 - 7.3.3 Forecast Outcome of Income Inequality of Total Resident 173
 - 7.3.4 Forecast Outcome of Urban–Rural Income Inequality 174

- 8 Conclusions and Policy Suggestions** 177
 - 8.1 Main Conclusions 177
 - 8.1.1 Conclusions for Income Inequality of Urban Resident 177
 - 8.1.2 Conclusions for Income Inequality of Rural Resident 179
 - 8.1.3 Conclusions for Income Inequality of Total Resident 180
 - 8.1.4 Conclusions for the Impact of Rent-Seeking Activities on Income Inequality 181

8.2 Policy Suggestions	182
8.2.1 Policies for Promoting the Income of Low-Income and the Poor Group	182
8.2.2 Policies for Regulating the Income of High-Income Group	183
8.2.3 Policies for Developing Mid-Income Group	184
8.2.4 Policies for Reducing Urban–Rural Income Inequality	185
8.2.5 Policies for Eliminating Rent-Seeking Activities	187
Appendix A	189
