## Contents

### Part I  Global Distribution of Antifungal Compounds

1  **Antifungal Compounds from Latin American Plants**  
   Laura Svetaz, Marcos Derita, Ma. Victoria Rodríguez,  
   Agustina Postigo, Estefanía Butassi, Ma Victoria Castelli,  
   Maximiliano Sortino, Elisa Petenatti and Susana Zacchino  
   3

2  **Antifungal Plants of Iran: An Insight into Ecology,  
   Chemistry, and Molecular Biology**  
   Mehdi Razzaghi-Abyaneh, Masoomeh Shams-Ghahfarokhi  
   and Mahendra Rai  
   27

3  **Antifungal Property of Selected Nigerian Medicinal Plants**  
   Victor Olusegun Oyetayo and Ayodele Oluyemisi Ogundare  
   59

4  **Review of the Antifungal Potential of African  
   Medicinal Plants**  
   Jean Paul Dzoyem and Victor Kuete  
   79

### Part II  A. Antifungal Activities of Plants  
and Other Natural Products

5  **Natural Products as Potential Resources for Antifungal  
   Substances: A Survey**  
   Mahmud Tareq Hassan Khan  
   157

6  **Recent Advances on Medicinal Plants  
   with Antifungal Activity**  
   María Pilar Gómez-Serranillos, Olga María Palomino,  
   María Teresa Ortega and María Emilia Carretero  
   167
7 Recent Progress in Research on Plant Antifungal Proteins: A Review ......................................................... 221
   Tzi Bun Ng, Randy Chi Fai Cheung and Jack Ho Wong

8 Antifungal Metabolites of Endophytic Fungi .................. 243
   Karsten Krohn and Barbara Schulz

9 Combining Plant Essential Oils and Antimycotics in Coping with Antimycotic-Resistant Candida Species .................. 263
   Kateryna Kon and Mahendra Rai

10 Flavonoids as Antifungal Agents ............................... 283
    Roseli Maria De Conti Lourenço, Patricia da Silva Melo and Ana Beatriz Albino de Almeida

Part III Plants Used in Ayurveda and Traditional Systems for Fungal Diseases

11 Antifungal Metabolites from Medicinal Plants Used in Ayurvedic System of Medicine in India ............................ 303
    Ajay Kumar Meena, Shahin Khan, Mruthumjaya Meda Rao, Radha Krishna Reddy and Madhan Mohan Padhi

12 Plants Used in Folk Medicine of Bangladesh for Treatment of Tinea Infections ............................................. 333
    Rownak Jahan, Taufiq Rahman and Mohammed Rahmatullah

Part IV Plant-Derived Products to Protect Fungal Diseases of Plants/Fruits

13 Usefulness of Plant Derived Products to Protect Rice Against Fungi in Western Europe .................................. 369
    Olívia Matos, Ana Magro and António Mexia

14 Plant Bioactive Metabolites for Cereal Protection Against Fungal Pathogens ............................................. 401
    Caterina Morcia, Giorgio Tumino and Valeria Terzi

15 Plant Essential Oils as Antifungal Treatments on the Postharvest of Fruit and Vegetables .......................... 429
    Gustavo A. González-Aguilar, María Roberta Ansorena, Gabriela E. Viacava, Sara I. Roura and Jesús F. Ayala-Zavala
16 Fruit Processing Byproducts as a Source of Natural Antifungal Compounds ................................................. 447
Gabriela E. Viacava, María Roberta Ansorena, Sara I. Roura,
Gustavo A. González-Aguilar and Jesús F. Ayala-Zavala

Index .................................................................................................................................................. 463
Antifungal Metabolites from Plants
Razzaghi-Abyaneh, M.; Rai, M. (Eds.)
2013, XIV, 469 p., Hardcover
ISBN: 978-3-642-38075-4
