Contents

Part I Introduction

1 The Study Area ......................................................... 3
   Michael Richter, Erwin Beck, Rütger Rollenbeck, and Jörg Bendix

2 Environmental Changes Affecting the Andes of Ecuador .... 19
   Thorsten Peters, Thomas Drobnik, Hanna Meyer, Melanie Rankl,
   Michael Richter, Rütger Rollenbeck, Boris Thies, and Jörg Bendix

3 The Challenges of Sustainable Development in the Podocarpus-El
   Cóndor Biosphere Reserve ....................................... 31
   Jan Barkmann, Sofia Eichhorn, Byron Maza, Frank v. Walter,
   and Roland Olschewski

4 The Research Unit RU 816: Overall Approach in the Light of the
   Ecosystem Services Concept ..................................... 41
   Jan Barkmann, Boris M. Hillmann, and Rainer Marggraf

Part II Current Situation of Biodiversity and Ecosystem Services

5 Landscape History, Vegetation History, and Past Human Impacts .. 53
   Fernando Rodriguez, Achim Bräuning, Andrés Gerique,
   Hermann Behling, and Franziska Volland

6 Past Dynamics of Speciation in Andean Mountain Rainforests ... 67
   Konrad Fiedler and Patrick Strutzenberger

7 Diversity in Soil Fungi, Protists, and Microarthropods ......... 81
   Matthias C. Rillig, Tessa Camenzind, Julia Gawlik, Ingeborg Haug,
   Valentyna Krashevska, Mark Maraun, Dorothee Sandmann,
   and Stefan Scheu

</table>
16 Current Provisioning Ecosystem Services for the Local Population: Landscape Transformation, Land Use, and Plant Use 219
Perdita Pohle, Andrés Gerique, Maria Fernanda López, and Regine Spohner

17 Sustainable Agriculture and Conservation Payments Are Key Factors in Mitigating Tropical Forest Loss 235
Baltazar Calvas, Thomas Knoke, Luz Maria Castro, Patrick Hildebrandt, Michael Weber, Bernd Stimm, Reinhard Mosandl, Sven Günter, and Nikolai Aguirre

Part III Future Environmental Changes and Their Impacts on Biodiversity and Ecosystem Services

18 Climate Change: Effects on Biodiversity and Ecosystem Functioning 247
Florian A. Werner, Nele Jantz, Valentyna Krashevska, Thorsten Peters, Hermann Behling, Mark Maraun, Stefan Scheu, and Gunnar Brehm

19 Global Climate Change Impacts on Local Climate and Hydrology 265
Lutz Breuer, Jean-François Exbrayat, Ina Plesca, Wouter Buytaert, Theresa Ehmann, Thorsten Peters, Edison Timbe, Katja Trachte, and David Windhorst

20 Impacts of Local Land-Use Change on Climate and Hydrology 275

21 Current and Future Variations of Nutrient Depositions and Influences on Tree Growth 287
Rüttger Rollenbeck, Insa Otte, Peter Fabian, Wolfgang Wilcke, Darwin Pucha Cofrep, Achim Bräuning, and Jörg Bendix

22 Nutrient Additions Affecting Matter Turnover in Forest and Pasture Ecosystems 297
Ute Hamer, Karin Potthast, Wolfgang Wilcke, Hans Wullaert, Carlos Valarezo, Dorothée Sandmann, Mark Maraun, Stefan Scheu, and Jürgen Homeier

23 Effects of Nutrient Addition on the Productivity of Montane Forests and Implications for the Carbon Cycle 315
Jürgen Homeier, Christoph Leuschner, Achim Bräuning, Nixon L. Cumbicus, Dietrich Hertel, Guntars O. Martinson, Susanne Spannl, and Edzo Veldkamp
Climate Change and Its Impact on Current and Future Vegetation Dynamics and Carbon Cycling

Brenner Silva, Claudia Dislich, Ingo Voss, Kristin Roos, Renate Scheibe, Peter Vorpahl, Boris Schröder, Andreas Huth, Erwin Beck, and Jörg Bendix

Sustainable Use of Tropical Forests: A Plea for a Landscape View

Thomas Knoke, Baltazar Calvas, Patrick Hildebrandt, Michael Weber, Bernd Stimm, Sven Günter, Nikolai Aguirre, and Reinhard Mosandl

Future Provisioning Services: Repasturisation of Abandoned Pastures, Problems, and Pasture Management

Erwin Beck, Jörg Bendix, Brenner Silva, Rütger Rollenbeck, Lukas Lehnert, Ute Hamer, Karin Potthast, Alexander Tischer, and Kristin Roos

Part IV Synopsis

Synopsis: Towards a Sustainable Land Use Portfolio

Erwin Beck and Jörg Bendix

Knowledge Transfer for Conservation and Sustainable Management of Natural Resources: A Case Study from Southern Ecuador

Sven Günter, Baltazar Calvas, Thomas Lotz, Jörg Bendix, and Reinhard Mosandl

The Role of Biodiversity Research for the Local Scientific Community

Perdita Pohle, Maria Fernanda López, Erwin Beck, and Jörg Bendix
