

Contents

Introduction	1
Danny Czamanski, Itzhak Benenson, and Dan Malkinson	
The Impact of Land-Use Policy on Urban Fringe Dynamics	9
Eric Koomen and Jasper Dekkers	
Long-Term Changes in the Configuration of Agriculture and Natural Areas Around Cities in the Netherlands (1900–1990)	37
Erez Hatna and Martha M. Bakker	
Investigating Land-Use Dynamics at the Periphery of a Fast-Growing City with Cellular Automata at Two Spatial Scales	51
Danielle J. Marceau, Fang Wang, and Nishad Wijesekara	
The Spatial Morphology of Oporto’s Urban Fringe	81
Miguel Serra and Paulo Pinho	
Vascular Plant Species Richness Patterns in Urban Environments: Case Studies from Hannover, Germany and Haifa, Israel	107
Sarah Matthies, Daniella Kopel, Stefan Rüter, Marina Toger, Rüdiger Prasse, Daniel Czamanski, and Dan Malkinson	
Future Suburban Development and the Environmental Implications of Lawns: A Case Study in New England, USA	119
Daniel Miller Runfola, Colin Polsky, Nick Giner, Robert Gilmore Pontius Jr., and Craig Nicolson	
Land Use-Land Cover Dynamics at the Metropolitan Fringe	143
Daniel Felsenstein, Michal Lichter, Eyal Ashbel, and A. Yair Grinberger	
Lichens and Plants in Urban Environment	167
Gregory E. Insarov and Irina D. Insarova
